

British Criticism Irks U.S. Officials

Barbs Directed At U. S.
Threaten To Upset Plans
For Financial Aid To
Britain

LABORITE COMMONERS USE ABUSIVE TERMS

By JOHN A. REICHMANN
(U. S. Staff Correspondent)

WASHINGTON, Aug. 23.—London criticism directed at the United States today threatened to upset plans of U. S. officials seeking a formula to aid Britain in her financial crisis.

The officials have been seriously concerned over the possibility of getting any plan adopted for British aid which would have the approval of an economy-minded congress. They have also about abandoned hope of finding a solution which will not need congressional action.

Already some concern has been caused on Capitol Hill by the assertion of Sen. Wherry (R) Neb., that Foreign Secretary Ernest Bevin and Chancellor of the Exchequer Sir Stafford Cripps will seek a 15-billion dollar loan when they arrive for discussions early in September.

Officials have denied that any such suggestions have been made. Privately they write off any suggestion as impossible of achievement. While convinced that any sizable appropriation is out of the question, they also believe that Wherry's assertion has put the economy-minded members on their guard.

Reports, too, that Britain is dissatisfied with her allocation of dollars from pending economic cooperation administration appropriations, have caused some political resentment, even though the reports were officially and emphatically denied.

Remarks of Laborite members of Commons in London, indicating that Britain would prefer Communism and poverty than "be kicked around by unlettered, potbellied American magnates" was not expected to improve the atmosphere surrounding next month's talks. Nor were they expected to make the task of getting an aid program approved any easier.

Basically leading members of congress are said to concede that some steps will have to be taken to save Britain and western Europe from collapse. But they feel that the case has not yet been brought home sufficiently to the American or British public to dramatize the emergency and the possible results on this nation's own economy.

Hit John Maragon, General 'Busted' Soon After Clash

MARCH FIELD, Calif., Aug. 23.—(INS)—The wartime commanding general of the 15th air force in Italy disclosed last night he was "busted" to the rank of colonel and sent home after a run-in with John Maragon, shadowy figure of the congressional five percent probe.

The story was related by Col. William L. Lee, now commanding officer of the March field air force base.

In Rome
The incident took place in front of the Hassler hotel in Rome in February, 1946, and led to Maragon's being pushed in the face.

In mid-April an army inspector general arrived in Rome to investigate the matter and before the month was out Lee was reduced from brigadier general to colonel and was given immediate air transportation back to the United States.

Lee said yesterday:
"I couldn't say definitely that my reduction in rank was the result of the run-in, but it happened a short time after that and probably was more than a coincidence. But I'm not certain. I don't know anything official on that."

Mistook Him
At the time he was relieved of his Italian post Lee was deputy director of the air forces sub-commission then governing Italy.

The clash with the former boot-black, Maragon, developed when "smart Italian" who was sticking his nose into things" during a discussion with the Italian driver of an air transport bus.

Police May Face Felony Charges

LOS ANGELES, Aug. 23.—(INS)—District Attorney William S. Simpson of mob-ridden Los Angeles county declared today possible felony charges might be brought against at least three high police officials involved in the now famous Mickey Cohen "listening-in" operations.

The harassed prosecutor also announced that Cohen himself will be "invited" to make a statement about what he knows of the secret microphone installations at his plush Brentwood home.

These developments came on the heels of release of the latest transcripts of conversations made from hidden microphones, existence of which were kept secret more than two years.

Pertinent Transcript
Pertinent excerpts from a transcript dated March 20, 1948, indicate that Mickey, and some of his henchmen were on friendly terms with movie actor George Raft, at whose home they visited and dined.

In connection with his plan to ask Mickey to talk, the district attorney said he would interrogate the pudgy little mob boss under oath after he has finished with policemen who participated in the microphone installations.

He discussed penal code sections under which those officers involved might be prosecuted for wire tapping and "bugging" and one providing:
"One to 14 years imprisonment ... for every officer guilty of ... removing or secreting the whole or any part of such records ... or who permits any other person to do so."

Motor-Bike Rider Dies Of Injuries

Clifford Kelley, 18-year-old Harmony youth who was terribly injured when a broken fork on the front of his motor-bike spilled him over the handlebars, in an accident near Kennedy's Mills, 12 miles east of New Castle, Sunday afternoon, died in the Jameson Memorial hospital at 11:40 p. m. Monday night. Death was due to a fracture of the skull, an autopsy revealed, according to Coroner's Deputy Russell C. Melvin.

Kelley's condition was considered extremely grave from the time he was admitted to the hospital, and little hopes had been entertained for his recovery.

The body was removed to the Gailey Glenn funeral home at Zellenople to be prepared for burial.

Clifford was born in Muddy Creek township and has lived there with his father all his life. His mother died two years ago.

Global Arms Aid Faces Heavy Cut Despite Appeals

By ROSE McKEE
(U. S. Staff Correspondent)

WASHINGTON, Aug. 23.—Two senate committees battled today over possible cuts in the global arms aid bill despite President Truman's plea for the entire one billion 450 million dollar program.

The senate also appeared ready to rebuff the president on his request for immediate action, placing the arms measure far back on the jammed legislative schedule.

Sen. Bridges (R) N. H., said the \$160,990,000 slash proposed in the Vandenberg-Dulles amendment "seems to have the most favorable reception of any idea so far advanced."

Ranking Member
Bridges is the ranking GOP member of the senate armed services committee which joins the foreign relations committee today in going over the bill preparatory to a vote.

The president made his third appeal for passage of the program promptly and in toto in a speech Monday before the Veterans of Foreign Wars at Miami. He said the program was "part of the price of peace."

However, it appeared the president would get neither the speed nor the full amount he wants. Senate leaders have scheduled floor action on the arms aid bill behind extension of reciprocal trade agreements. The trade issue may take weeks. There is as yet no

Twenty-Four Injured As Bus Hits Upright

PITTSBURGH, Aug. 23.—(INS)—Twenty-four passengers and the driver of a Blue Ridge bus suffered shock or injuries today when the bus sideswiped a railroad bridge upright in nearby Bridgeville.

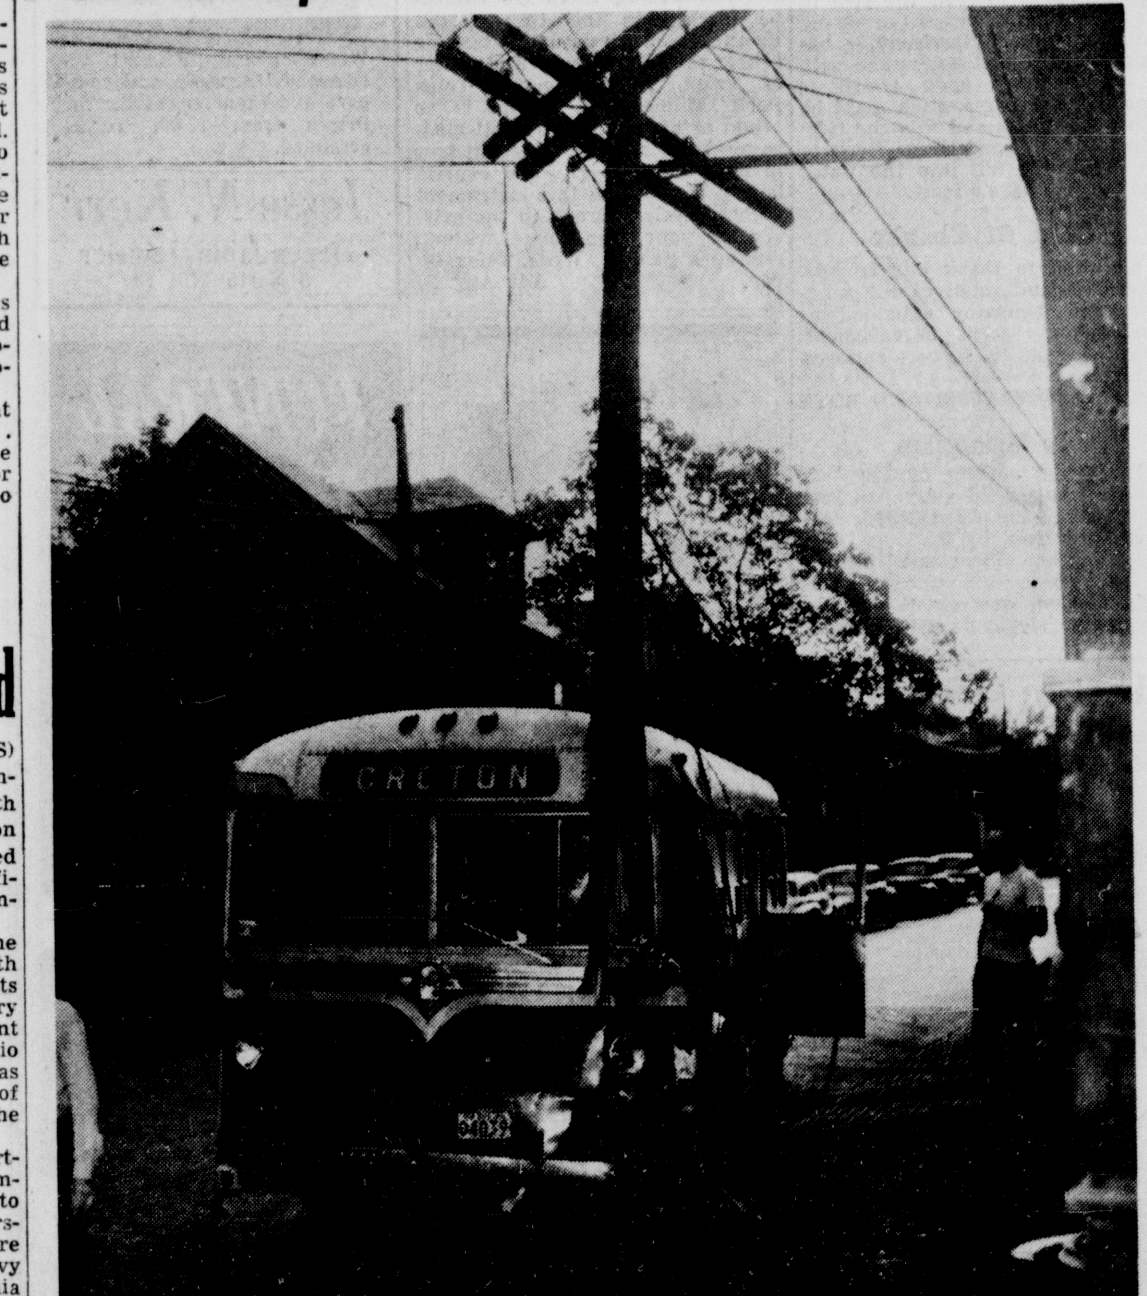

The injured were taken to Allegheny General and Mercy hospitals in Pittsburgh for examination and treatment. They made the trip by another bus and ambulance.

The bus, on a local run from Hickory in Washington County to Pittsburgh, struck with such force that a gaping pole was torn in its side.

Bus-Car Crash On County Line Street, Pole Snaps Off, Electric Wires Down

City bus of the Shenango Valley Transportation company is shown here after having broken off an electric pole on the Countyline street hill. The bus collided with an auto driven by Duane Stetler, Wampum.

A Shenango Valley Transportation Co. bus, operating in the city of New Castle, hit a car and crashed into a light company pole around 7:30 this morning. The driver of the car is being held for violating a stop sign.

Three persons were slightly injured in the crash. Duane Stetler, Wampum, R. D. 1, was going south on Walnut street, and failed to stop at the intersection of County Line, police say. The bus, operated by W. A. Kyle, of 1010 Adams street, was traveling west on County Line street and hit the Stetler vehicle. The driver of the bus, in his attempt to avoid hitting Stetler, swerved to the left, crashed into a light company pole and broke it off.

High tension lines fell near the bus and it was extremely fortunate for all passengers that serious injury did not result.

Dixiecrats Seek Party Standing, After 1948 Bolt

By GEORGE DURNO
(U. S. Staff Correspondent)

WASHINGTON, Aug. 23.—(INS)—The Democratic credentials committee meets today for the payoff fight of southerners seeking to retain their party standing although they bolted President Truman for J. Strom Thurmond last November.

Result of the battle is expected to be the seating of some, but not all, of the bolting state committeemen.

South Carolina appeared likely to be reinstated despite the fact that the palmetto states electoral votes were cast last November for Thurmond, the States Rights Presidential candidate.

There appeared little likelihood of "forgive and forget" for the other three Dixie states which bolted President Truman—Alabama, Louisiana and Mississippi.

The credentials meetings was a prelude to the Wednesday session of the Democratic National Committee, called by National Chairman McGrath to pick his successor.

McGrath, who has been confirmed as attorney general, already has announced that Executive Vice Chairman William M. Boyle has the approval of the President to be new head of the national committee.

Propose Teaching 'Evils Of Drink'

PHILADELPHIA, Aug. 23.—(INS)—High school and college courses teaching "the evils of drink" were proposed today at the 75th diamond jubilee convention of the Woman's Christian Temperance Union.

Dr. George P. Dunkelberger, of Selinsgrove, Pa., director of the Pennsylvania School of Alcoholic studies, said many high school and college students "erroneously believe that alcohol is a stimulant."

"It is quite common for them to believe," he said that a drink braces you up and speeds you up when in fact it lets you down, and slows you down."

While diplomatic circles in London were inclined to see the Moscow propaganda barrage as aimed at inciting internal revolt and perhaps discouraging western aid to Tito, unofficial quarters could not help comparing the situation to Hitler's world-war against Czechoslovakia before the nazis marched in.

A particular point of comparison was Moscow's continued harping on Yugoslav mistreatment of Russian citizens—just as Hitler complained of Czech mistreatment of Sudetan Germans.

Today's Pravda editorial resumed the Soviet charge that Tito's regime is "fascist" and is using "gestapo methods" to suppress "free expression, thought and all human rights."

John Clancy, allegedly demoted 28-year-old matricide, yesterday showed Allegheny county detectives how he killed his 60-year-old mother with a poker and a knife.

Detectives had taken Clancy to his suburban Ingram home to have him re-enact the murder for the camera records.

Clancy, a navy war veteran, was re-committed to the county jail to wait for a coroner's hearing into the murder which occurred last Wednesday.

Link Gen. Feldman
With Hunt Deals

By GLENN M. GREEN
(U. S. Staff Correspondent)

WASHINGTON, Aug. 23.—Maj. Gen. Harry Vaughan was shoved back in the Senate's five percent hearings today by sensational new evidence against the Army's suspended quartermaster general.

The Senate investigating subcommittee, resuming public hearings after a four-day recess, will unfold James V. Hunt's associations with Maj. Gen. Herman Feldman.

The new evidence is said to link Feldman with influence peddling in the nation's capital.

Vaughan Later
Vaughan, originally scheduled to appear before the Senate probers Wednesday, will not appear until later in the week, possibly Thursday.

Investigators plan to make public for the first time a letter from Feldman to hunt reportedly disclosing advance information on Army procurement plans for clothing in 1948.

The document was taken from Hunt's files.

Committee sources said Feldman probably will be called to the witness stand during the day.

Other witnesses scheduled are Brig. Gen. A. D. Hopping, chief of the supply division of the quartermaster general's office, and Pierre Welch, of Washington, whose firm employed Hunt at one time.

Hunt reportedly saved Welch's company \$400,000 by getting the Army to take back surplus DDT bombs which the firm had contracted to buy from the War Assets administration.

Europe Anxious As Stalin-Tito Feud Continues

By THOMAS C. WATSON
(U. S. Staff Correspondent)

LONDON, Aug. 23.—Russia hurled new propaganda blasts against Yugoslavia today, and an anxious Europe wondered whether Moscow intends to risk a shooting war against Marshal Tito.

The latest Kremlin attack on the Yugoslavs was a Pravda editorial, broadcast by radio Moscow, which accused Tito of "finally crossing over to the camp of the out-and-out enemies of the Soviet Union."

The editorial was by way of comment on a stiff Russian note to Belgrade last Saturday, which issued a virtual call for revolt against Tito and warned that "effective measures" would be taken to "bring order" to Yugoslavia.

(A high ranking Yugoslav communist in Belgrade told International News Service that Soviet threats that "Tito must pay with his head"—voiced in a Pravda letter yesterday—are regarded as ridiculous by the marshal's supporters.)

The Soviet note touched off a week-end of bitter recrimination between Yugoslavia and her one-time communist allies.

While diplomatic circles in London were inclined to see the Moscow propaganda barrage as aimed at inciting internal revolt and perhaps discouraging western aid to Tito, unofficial quarters could not help comparing the situation to Hitler's world-war against Czechoslovakia before the nazis marched in.

One Fire Fighter Dead, Two Injured—I d a h o Chief Sufferer From Blaze

PLANES AND BUSES AID IN FIRE BATTLE

(By International News Service)

Thousands of men battled desperately today against flames ravaging huge tracts of timber in four western states and hundreds of reinforcements were being rushed to fire lines by planes and buses.

About 21,000 acres in Idaho, Yellowstone Park, Utah, and California were aflame, and immensely valuable tracts of standing timber were menaced by the spreading blazes. In addition, a 1400-acre fire was burning in Canada.

One Killed
The fires already had claimed the life of one man and injured two of his companions. Curtis Knudsen, fire fighting recruit of Gem City, Kans., died in a council, Idaho, hospital Monday of burns suffered while fighting the Payette National Forest fire. Two unidentified companions were treated at the fire lines.

The three were outflanked by flames and were scrambling up a steep hill when Knudsen slipped and rolled back into the fire. His companions rescued him—suffering burns themselves—and he was carried from the danger area in a stretcher dropped by plane.

The Payette blaze swept over 7,000 acres in Hell's Canyon, a mile-deep gorge.

Worst In History
Another fire at Warm Springs, Idaho, has charred 3,200 acres and threatens to become the worst in the state's history. Joe Hessel, Forest Service information officer, said heavy stands of fir and pine are in the path of the Warm Springs blaze. If the flames reach the new stands, the fire is likely to rage for days.

Just south of the Oregon state border, nearly 600 men were fighting a blaze that raged out of control in the extreme northern part of California. The fire had spread over a three-mile front and blackened 5,600 acres.

Farther south in California, more than 100 smaller blazes—all started by lightning—swept through the Stanislaus, Sierra and

Hurricane Misses Floridian Coast

MIAMI, Aug. 23.—(INS)—The season's first tropical storm—dubbed "Harry's Hurricane"—in honor of President Truman—turned north during the night and apparently will leave the Florida coast untouched.

At 5 a. m. (EST) advisory from the Miami weather bureau placed the storm around 300 miles east of Melbourne, Fla. The bureau said the storm was moving only about 12 miles an hour but is expected to speed up today or tonight.

Chief forecaster Grady Norton said the northward turn probably would keep the hurricane off shore. However, small craft from Melbourne to Cape Hatteras were warned not to venture very far into the Atlantic.

At 11 p. m. (EST) the storm was pinpointed at 340 miles east northeast of Miami. Winds fanning out from its center were estimated at 90 miles an hour. Gales extended 100 miles from the center of the disturbance.

The storm was dubbed "Harry's Hurricane" because of the president's visit to Miami yesterday.

Can Change
Grady Norton, chief forecaster at the Miami weather bureau, said the storm could change direction at almost any moment. He added that any land areas threatened by the hurricane would be warned 12 to 15 hours in advance.

The disturbance was under almost constant surveillance by radar equipped army and navy "hurricane hunter" planes.

The weather bureau warned shipping in the southwest Atlantic from North Carolina southward to remain on the alert.

The danger area extends northward from the Bahamas. Inhabitants of the Bahamas were warned to prepare for dangerous winds early today.

KANSAS CITY, Mo., Aug. 23.—(INS)—Mounted Poses planned to crisscross several hundred acres of wooded and brush-covered land near Kansas City today in a search for a missing woman Humane Society worker who authorities fear met foul play.

The woman was identified as Mrs. Fenby H. Webster, 50, executive secretary of the Wayside Waifs, Inc., an organization devoted to the care of homeless dogs.

Mrs. Webster's animal ambulance was found yesterday in a lonely section of woods near the city. Officials said the keys still were in a compartment.

Authorities said a note on the truck's seat read:

"Lay off Independence, Mo."

Members of the organization said Mrs. Webster recently investigated conditions at the Independence dog pound and petitioned the city council to improve conditions at the shelter.

Deaths Of The Day

Mrs. G. C. Aubel
Mrs. G. C. Aubel, aged 65 years, of 420 East Leasure avenue, died at her home today at 4:30 a. m. after a year's illness of complications.

Mrs. Aubel, nee Mary Elsie Ferguson, was born October 1, 1883, in Mercer county, her parents being George and Catherine Nickle Ferguson. All of her married life was lived in New Castle.

She was a member of the First Presbyterian church, Twentieth Century Bible class, Ladies' Aid, Helena Missionary society and W. C. T. U.

Besides her husband Mrs. Aubel is survived by a daughter, Mrs. Dorothy Maxwell, of New Castle; one brother, Carl Ferguson, of Greenville and two grandchildren.

Three children died in infancy, while a brother and one sister also preceded her in death.

Dr. Robert F. Gallagher will officiate at funeral services Thursday at 2:30 p. m. from the Cunningham funeral home, East Washington at Chestnut, where friends may call today from 7 to 9 p. m. and Wednesday from 2 to 4 and 7 to 9 p. m. Burial will take place in Oak Park cemetery.

Nine commercial airlines have assigned chartered planes to carry hundreds of reinforcements to the fire lines in the four states. Air force "flying boxcars" also were called into use along with a number of buses in the race to keep fire lines manned at full strength.

CHICAGO, (INS)—Ignorance and emotion mark all the blame heaped on comic books, a psychiatrist writes in the current issue of Northwestern University's Journal of Criminal Law and Criminology.

But comic books aren't completely bad, he adds.

Dr. Cavanagh says comic books fulfill the average child's need for a "phantasy life" and that only neurotics are harmfully affected by the thrillers of the comics, movies and radio.

Split Three Ways
The two senate committees are split three ways on the cost of the program.

Chairman Connally (D) Tex., and other administration supporters will fight for the full amount asked by the president.

But three Democrats on the joint group support the \$585,495,000 slash made in the arms bill by the house.

Republican committeemen almost unanimously favor the more moderate \$160,990,000 trim advanced by the senate GOP foreign policy leaders Vandenberg, Mich., and Dulles, N. Y.

Although Alaska is believed by many to be an ice and snow-covered country, actually less than three percent of the entire area is always under ice and snow.

YOUNG GIRL ACCUSES MACHINIST

AFTER TELLING police how she fought free from a man, ran into her Los Angeles home and raised a cry that launched a wild, midnight, croostown chase, 11-year-old Sandra Anderson confronts Clayton Jackson, 21, a machinist, and cries, "That's the man!" Police booked Jackson (right) on a charge of suspicion of kidnapping. Sandra's mother, Mrs. Helen Anderson, stands with her arm around her daughter in police station.

Peril Of Ragweed**

ST. LOUIS, (INS)—Ragweed has lost its terror for many of the eight million unfortunate Americans who annually suffer through the sniffles, sneezes and wheezes of the hay fever season.

One reason is the increased use of chemical weed-killers. But the big reason, according to the Monsanto Chemical Company of St. Louis, is: antihistamines.

As the name indicates, these drugs which neutralize in the body the effects of histamine, a substance in most body tissues which causes the distress associated with hay fever.

We have been talking for the last two or three weeks, about Vaults, and most of our information was about Solid Copper Vaults. Today, we want to talk about Metal Vaults.

These vaults are made out of Copper Bearing Steel or Armco Iron, in either 10 or 12 gauge metal. Of course they are not supposed to last as long as Solid Copper Vaults, but they are moer reasonable in price and will last many, many years, protect the grave from caving in, and they are water and air tight.

This gives the purchaser the protection they desire, with less investment.

MISS SHOAF GIVEN PRE-NUPTIAL HONOR

Highlighting the summer social calendar was the lovely and tastefully appointed miscellaneous shower given Saturday afternoon by Mrs. Lon Keelen at the home of her mother, Mrs. Evan D. Wilkins, 412 Edgewood avenue. The hostess entertained informally in honor of Miss Mary Eleanor Shoaff, bride-elect of August 27.

Bride provided the entertainment with competitive awards going to Mrs. Joseph Hartman Jr. and Mrs. Jane Labuhn.

A note of originality was cleverly unfolded in the dainty and well planned centerpiece, a large sprinkler can in the center of the table decorated in pastel colors filled with garden flowers. Streamers were attached to the spout on to which each girl tied her gift. Lighted triple crystal candle sticks holding white tapers, flanked the ornament.

Claiming attention later was the opening of many beautifully wrapped gifts by the honor guest revealing an array of colorful and practical gifts for her home. Individual corsages marking each guest's package were presented the girls by the honor.

The hostess was aided in serving by her mother, Mrs. Evans D. Wilkins and by the bride elect's mother, Mrs. Paris A. Shoaff.

Miss Shoaff, daughter of Dr. and Mrs. Paris A. Shoaff, 1405 Highland avenue, will be married to William Earl Eakin on Saturday afternoon, August 27, at 4 o'clock in the Trinity Episcopal church.

Hasta La Vista

Hasta LaVista club members gathered with their husbands at Cascade park Saturday evening for the annual corn roast.

Games and singing were the diversions of the evening. A tasty meal was served late in the evening. An informal time was enjoyed.

The club meetings will resume on Thursday, September 8, the hostess to be Mrs. Joseph Scarnati of Shadyside.

A. PEARSON FURST, JR. WEDS ILLINOIS GIRL

Miss Bonnie Jean Jones, daughter of Dr. and Mrs. H. M. Jones, of River Forest, Ill., became the bride of Arthur Pearson Furst, Jr., son of Mr. and Mrs. Arthur Pearson Furst, Sr., of Sumner avenue. On Saturday, August 20, the young couple exchanged vows under a fern and flower covered canopy in the bride's home. Rev. Clyde Christopher officiated at the double ring ceremony.

Given in marriage by her father, the bride was becomingly attired in a white satin gown fashioned by the bride's mother. Her tiara was of seed pearls, and the veil of full length. Her bouquet was of lilies.

Her attendants were three sorority sisters of the bride, who were attired in pastel gowns. Best man was William Jones, brother of the bride. Ushers were Hal Throop and James Furst.

Appropriate music was sung by Miss Adrice Remington, a sorority sister of the bride.

A reception was held following the ceremony, at 8 p. m. for one hundred guests. Later in the evening the young couple left for a trip to Canada.

The bride attended Northwestern University. The groom will complete his studies at Washington and Jefferson College. They plan to reside in Washington, Pa.

Bug Expert Warns Of Wood Tick Bite

LARAMIE, Wyo., (INS) — T. R. Robb, entomologist for the Wyoming Agricultural Extension Service, urges hikers, picnickers and fishermen to look out for the American dog tick or wood tick, a common inhabitant of woods, fields and streams.

Dr. Robb warned that the tick threatens the health and sometimes, the lives of human beings, as it carries Rocky Mountain spotted fever.

He said the tick is brown, flat, 1/4 to 3/16 of an inch long, and eight-legged when in the active crawling stage. When fully fed it looks like a gray bean.

Dr. Robb said clothing should be checked over carefully after any outdoor excursion. Ticks crawl up the clothing and seek the hairy parts of the body, particularly the head.

How To Stave Off Ticks

The entomologist said a special examination before retiring may make it possible to stop the tick, which does not ordinarily transmit the disease until it has been attached for five or six hours.

Dr. Robb listed these preventative measures:

1. When a tick is found firmly attached to the skin, it should be handled carefully, preferably with tweezers so as not to crush it. If possible, a doctor should remove the insect.

2. If you are alone, light a match, blow it out quickly, and press it to the body of the tick. Several such treatments usually make the tick let go. The bite should then be treated with a good disinfectant.

3. Preventative vaccines are available through private physicians. Consult your doctor.

4. If you are in an area where ticks are troublesome, you can secure good control by applying a light dusting of 10 per cent DDT powder to grass, weeds, and shrubs at the rate of about four pounds per acre.

Ticks frequent paths and roadways. Ticks are attracted by the scent of their hosts, so areas traversed by human beings should be dusted once or twice during the spring and early summer.

Police Officials To Convene In Dallas

DALLAS, Tex., (INS) — The good folks around Dallas are double checking their best law abiding manners and badmen are planning vacations.

For on Sept. 11, the Texas city will be loaded with law. More than 750 police executives of city, county and state departments along with representatives of several foreign countries will be in town.

The occasion is the 56th annual conference of the International Association of Chiefs of Police which will be held Sept. 11-15 at Dallas.

While the citizenry is being careful about minor ordinances, the police officials will discuss problems of crime, juvenile delinquency, internal security, accident prevention and other matters of concern to law enforcement officials.

Sale Of Heirlooms Forced On Nobles

LONDON—(INS)—“We sell to live” should be the motto of many of the British nobility today.

During the past few months several “poor” earls, dukes, and other titled gentry have thrown open their castle gates and have charged inquisitive visitors half a dollar each to have a peep at their stately rooms and historic decorations.

Now Christie's, the foremost auctioneer in Britain, have been detailed by members of Britain's noble class to dispose of such things as jewelry, furniture, pictures and historical belongings, because the “Labour Government's high taxation on the aristocracy” has made them almost penniless.

Parents Should Offer Security

CINCINNATI, O., (INS)—Additional emotional security is advocated for teen-agers by a University of Cincinnati psychiatrist.

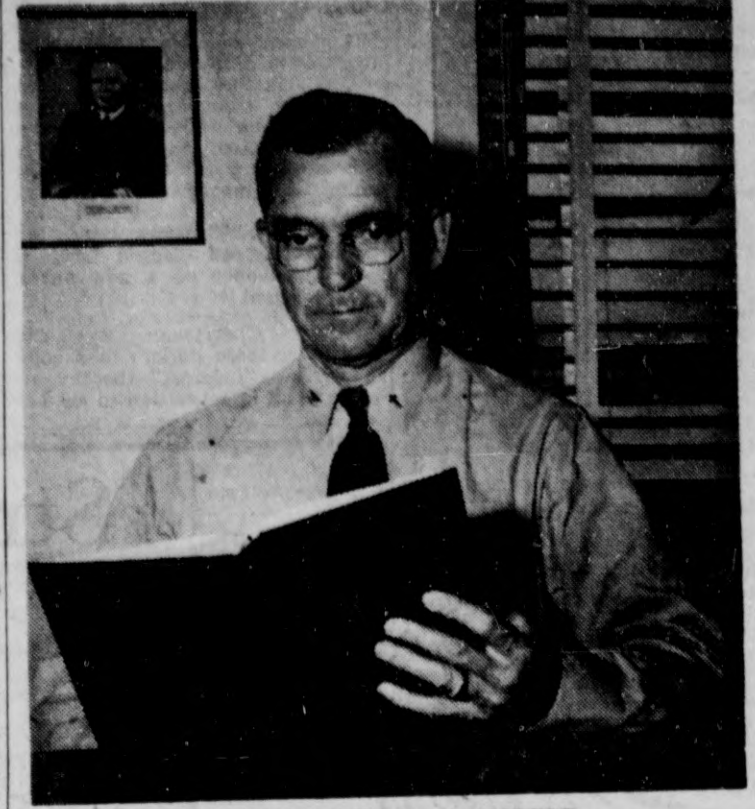

Dr. Louis J. Wise, fellow in psychiatry at the university, declares that parents should offer this security but, at the same time stress the advantages of growing up.

Dr. Wise condones “kissing games” so long as chaperones are around. The four steps from adolescence to maturity were described by Dr. Wise as:

1. Decision of a vocation and a goal;
2. emancipation from parents;
3. understanding of boy and girl relationships and
4. ability to accept responsibility.

New Castle Chaplain Goes To New London

CAPTAIN GEORGE L. MARKLE

Captain George L. Markle (chaplain corps), USN, has been detached from duty as fleet chaplain on the staff of Commander Service Force U. S. Pacific Fleet at Pearl Harbor. He will report to the U. S. Coast Guard Academy at New London, Conn., for duty as chaplain.

Chaplain and Mrs. Markle, the former Eloise Davis of Cedarville, O., and daughter Marilyn, 19, will leave for San Francisco August 25 on the navy transport USS General Randall. While at Pearl Harbor they made their home at 21 Makalapa Drive.

Captain Markle served with the U. S. Marine Corps during World War I and after being discharged in 1919 attended Cedarville college and Cedarville Theological Seminary at Cedarville, O. He took post graduate work at Princeton Theological Seminary, Princeton, N. J., and was graduated in May 1926. In December 1926 he was commissioned a lieutenant (junior grade) in the chaplain corps of the U. S. navy.

Captain Markle is a brother of Mrs. P. J. Flansberg of 844 Franklin avenue and is well known here. His official address is that of his sister and brother-in-law.

Sight Missing Plane Fear 20 Casualties

WINNIPEG, Man., Aug. 23.—(INS)—A “mercy plane” missing since Sunday night with 20 persons aboard, was reported sighted by search planes in northern Manitoba today.

First reports said no sign of life was seen.

Community Chest Budget Committee Scans Organizational 1950 Needs

Members of the budget committee of the Community Chest meet in preparation for this year's campaign. (Left to right) at the meeting were: Abe Gonick, Harold L. Gordon, William R. Schmidt, Lauri G. Laurell, chairman of the committee, Jack Grittle, Howard B. Richards, and Paul G. Dingledy, president of the Community Chest.

Community Chest budget committee held another in its series of long meeting yesterday afternoon to discuss the needs of each of the chest's 13 agencies and make preparations for the 1949 fall campaign.

The meeting was held in the Pennsylvania Power company building on East Washington street. Three members of the committee, G. B. Zahner, Frank L. Burton, and Harry Reed, were unable to attend yesterday afternoon's three-hour session starting at 3 o'clock.

During these three hours the members carefully studied the annual budgets and the annual request for funds of the member agencies of your Community Chest. These agencies are: Boy Scouts, Girl Scouts, City Rescue Mission, Y. M. C. A., Shenango street branch, Y. M. C. A., Salvation Army, James Memorial hospital, New Castle hospital, Margaret L. Henry Children's Home, Catholic Welfare Conference, U. S. O., Y. W. C. A., Elm street branch Y. W. C. A.

The budget committee consists of men from industry and labor, from business and professions, and has a member from Bessemer to represent the neighboring community interests. These men receive no salary and probably little thanks for doing the important community job for you and your Community Chest.

It is their duty to analyze and study the budget of each agency and make sure your Community Chest dollar provides 100 cents worth of service.

The budget committee will meet again Friday night at 7:30 p. m. at the Pennsylvania Power company and conclude their budget studies and set the goal for your 1949-50 Community Chest campaign.

New Radio Eye To Check Firing

Machine Will Stop Disputes As To Which Shot Hit Which During Target Practice

LONDON—(INS)—A new invention to end marksmanship disputes and let gunners know where their shots went will shortly be used by the British Navy during target practice.

The invention, a new radio eye, will determine beyond argument what hit what and when.

An adaptation of it will also be used by the Royal Air Force. Present practice, now obsolete, is for markers to be housed in concrete shelters while firing is in process.

The markers go out to the targets, usually through mudflats, count the strikes, and make temporary repairs to the targets.

The new method employs radio transmission to record the vibrations caused by projectiles striking a target. The result can be transmitted to a naval gunner or to the pilot of a plane. Auxiliary electronic equipment can also record the “whiz” of near misses.

The hits are recorded on a clock face. After each attack has been completed the pointer is reset to zero by depressing a switch, so that the interval between attacks can be reduced to a minimum.

Ants Drop Dead On Infant's Legs

CLOVIS, N. M., (INS)—Ants are no worry for 18-months-old Delores Baca, daughter of Mr. and Mrs. George Baca of Clovis. In fact, ants make a fatal mistake when they start the climb up her chubby leg.

This strange circumstance was noted by Delores' parents when they found her sitting squarely over large ant bed in the yard.

Mrs. Baca ran to the child and lifted her from the dangerous spot. Insects were climbing up Delores' legs, but before Mrs. Baca had time to brush them away they fell off, dead.

The child was afraid of a camera and so would not remain in the ant pile to demonstrate her fatal effect to a newsmen.

However, several persons living in the neighborhood testified they had seen the dead ants accumulate around her small body as she sat on or near the ant pile.

Hope For Condemned Police Investigate Man In Confessions

PORT WAYNE, Ind., Aug. 23.—Still clutching his Bible in his jail cell, Franklin Click smiles for photographers after his confession to the murder of three women saved another man from dying for the crimes this Thursday. The 32-year-old celery farmer is the father of five children. Previously sentenced to die for his crimes was Ralph Lobaugh, 30, a grave digger. A pardon is expected for Lobaugh.

Authorities today checked point by point the confessions of a Fort Wayne man to three slayings, two of which were previously admitted by a condemned man.

Franklin Click, 30, who insisted that his wife, Marie, be present, signed confessions saying that in 1944 he raped and killed Wilhelma Haaga, 38; Anna Kuzeff, 19, and Phyllis Conine, 16.

The slayings of Miss Haaga, Miss Kuzeff and another woman, Mrs. Dorothea Howard, 30, were previously admitted by Ralph W. Lobaugh who later repudiated the confessions saying that he tried to commit “legal suicide.”

Lobaugh was granted his seventh stay of execution Saturday. In the same prison is Robert V. Christen, 38, sentenced to life for the slaying of Mrs. Howard.

UN Expenses Must Be Cut Warns Lie

By PIERRE J. HUSS
(U. N. Staff Correspondent)

LAKE SUCCESS, N. Y., Aug. 23.—The cost of operating the United Nations through 1950 was estimated by Secretary General Trygve Lie Monday at \$44,314,398.

In submitting the fifth and largest budget in the organization's history, Lie warned that expenses must be cut down. The 1949 budget stood at \$43,487,128 or \$605,295 less than the 1950 estimate.

A week ago the United States paid in full the 1949 dues, amounting to \$16,601,021. This is by far the heaviest levy against any U. N. member.

Britain's payment of \$4,731,853 made it the only other major power to have paid its 1949 dues in full. The Soviet Union has paid in only \$12,207 for the current year, leaving outstanding \$2,626,310. A total of 72 per cent of the 1949 budget has been paid up, with \$11,500,000 still to come.

The budget also provides \$676,000 for technical assistance for economic development, based on President Truman's inaugural four point "bold new program."

The Norwegian U. N. chief urged that all formal meetings be kept to a minimum and that they be held at U. N. headquarters at Lake Success. He said:

"The secretariat cannot be held responsible if the General Assembly appropriates moneys for rotating meeting places in the face of its own recommendations."

Lie attributed the increasing budget to three main factors:

1. Allocation of \$533,768 for the liquidation of assets arising from the transfer of the League of Nations' assets to the United Nations.
2. Increased expenditures for the U. N.'s program of technical assistance for economic development.
3. An increase in the number of personnel.

British Mines Hit By Elevator Strike

LONDON, Aug. 23.—(INS)—A British Coal Board official said Monday that nearly 20,000 Lancashire miners are idle in a strike of coal mine elevator operators.

The walkout, which stopped work in 40 of Lancashire's 102 pits, is a severe blow to Britain's already shaky economy.

A similar stoppage in Yorkshire last Saturday has spread from 25 pits to about half the area's total of 115 mines.

The two strikes will hit British coal production and exports hard, since both fields are among the nation's largest coal producing areas.

State Relief Roles Reach 363,299 Mark

HARRISBURG, Aug. 23.—(INS)—The addition of 1,499 persons to general assistance rolls during the week ended August 13 boosted the overall relief burden in Pennsylvania to 363,299 persons, the State Department of Public Assistance reported today.

In addition to the 74,365 persons on general assistance, the DPA said, there were 180,039 recipients of aid to dependent children, 93,578 persons eligible for old age assistance and 15,320 blind pensioners.

The week's addition to the general assistance roll was 207 persons below the total for the previous week and the DPA expressed the hope that unemployment has started to level off but said "it is too early to predict when the effect of more favorable employment conditions will lead to a reversal in the trend of the assistance rolls."

Report Communists Aided By Uprising In Canton Drive

HONG KONG, Aug. 23.—(INS)—Chinese Communist troops reportedly reached within 180 miles of Canton Monday by taking Sinfeng in southern Kiangsi province, north of the provisional Nationalist capital.

The column striking at Sinfeng is the "straight right" of the Communist drive on Canton. Meanwhile, a "left hook" shaped up in the coastal province of Fukien where Communist troops are advancing on the port of Amoy, 350 miles northeast of Canton.

The Communist drive was said to have been aided by a popular uprising in Chuanchow, 40 miles northeast of Amoy.

Heavy fighting reportedly is in progress 13 miles north of Leliang, another milepost in the Communist drive down the main Hankow-Canton railroad which runs through the heart of eastern China.

Leliang is 230 miles northwest of Canton.

Near Lanchow

On the northwestern front Communist forces were reported in the outskirts of Lanchow, capital of Kansu Province. Lanchow is 90 miles south of the inner Mongolian border.

The Nationalists reportedly broke up two Communist divisions in fierce fighting to Lanchow's suburbs.

The Hong Kong government detained Wu Yau Chun, a prominent official of the Juomintang party but police declined to comment.

Try And Stop Me
By BENNETT CERF

Sinclair Lewis began his literary career in the publicity department of Frederick L. Stokes and Company, book publishers. At the end of his second year he was making \$23 a week and had the temerity to demand a two-dollar raise.

Old man Stokes gave it to him, with the comment, "You're a bright young fellow, Lewis, but you want raises too often. This is the top salary for the job you're doing. I'll never pay you any more."

Less than 15 years later, the same gentleman offered Lewis a \$75,000 advance on a new novel, sight unseen!

Marilyn Cherryman says she keeps her loose dollars in a copy of Dante's "Inferno," thereby always being in a position to answer her own querulous, "Now where in hell did I put that money?"

Local Girls Continue Their European Travels

Misses Nancy Rugh, Patti Preston and Beverly Mikels, who attended the World's Student Conference in Stockholm, Sweden, last month, are continuing their tour of Europe for the remainder of the summer.

Miss Mikels, who sent letters describing their travels home nearly a month ago, has once again written an account of the various places of interest that they have seen thus far.

"July 29, I'll continue where I left off—that is to say, Bremen, Germany. We hunted up the nicest part of the city which the army has taken over, all beautiful homes and residential sections. Unwittingly we walked into a Utopia! We found the country club (also used by our government) and have been allowed to use the facilities of the club. So every morning we would leave the school where we were staying and go out there for the day—playing badminton, volleyball, tennis and so on. By the end of one week we were invited to private homes. We were really reluctant to leave it.

Head for Denmark
"But leave it we did. We headed for Denmark and spent three days en route to Copenhagen visiting many landmarks such as churches built in 1500, Danish folk schools and many others. Denmark is certainly a lovely little country, very clean and pretty.

Last night we stayed at Professor Sorenson's. They have a lovely home. Quite large—it rambles all over the place.

"July 30. This morning we caught the tram for the edge of Copenhagen. We passed through customs and got a ferry for Malmö, Sweden. Once in Malmö we caught a train for Lund, Sweden. After getting off, we had lunch. And what a lunch. We were placed at a huge table seating all of our group and looked down at our plates to see two plates—a smaller one resting on a larger one. We had three knives and two forks apiece but no spoons. So—we settled ourselves to boiled potatoes, herring, delicious brown bread, gobs of butter

and radishes. After we had very nearly stuffed ourselves we discovered that was only the entree and the real meal was coming. The meal consisted of fried potatoes, a sort of hamburger smothered with a wonderful type of pickle and fresh tomatoes.

American Signs
"On the way back we were not so bent on eating, so we took time to look around and everywhere American signs were to be seen. Kodak film, Heinz vegetable soup, Libby's canned fruit juices and American cigarettes. Lund itself is a pleasant city about the size of New Castle.

"Marvelous shops displaying smart looking clothes, quaint china shops and other unusual shops could be found. We were impressed by the utter cleanliness. No paper-littered streets, or sooty buildings.

"The Swedish landscape looks very nearly like some parts of New England, around Connecticut and Massachusetts. Stone fences, much timber and nice farm houses decorated the scenes.

"At length we arrived at Vadstena. We're staying at a monastery, and I never dreamed I'd be spending a Saturday night in a monastery. A part of the establishment still remains a monastery while the other part is a youth hostel.

"We are situated on a beautiful lake, but I understand that isn't unusual considering the fact that Sweden has approximately 96,000 lakes!

"August 12. At present we are situated in a youth hostel in Sarna, Sweden, a town very close to the Norwegian border.

"I said the 'town' of Sarna—over-exaggeration of the word 'town.' Sarna consists of a half-dozen log cabins. There is also the Swedish equivalent of the general store. Aside from that there is nothing for miles (or kilometers) except mountains and several lakes.

Smorgasbord
"These people have a few marvelous customs which I should like to adopt. First and foremost is their smorgasbord. It really exists, and how! For example we had dinner the other day in the grand hotel at Fabin, Sweden. The menu consisted of the following goodies: Smorgasbord—trays of fish (many kinds), tomatoes, grapefruit mixed with red fresh cherries, potatoes, tomato and olive salad, bread, meat balls and cheese. Desert consisted of melon strips, fresh red raspberries and cherries topped with whipped cream and red wine. Then of course there was coffee (demitasse). Um—love this country!

"Their custom of driving on the left side of the road is more than a little nerve racking. Every time we see a car approaching in the opposite direction we're sure we're going to have a head-on collision. Then too, it would be nice if they had heard of hot water. We're using up valuable kroner running to public baths. They're very nice—first a hot bath, then a steam bath, then a cold shower, then a swim in a salt water pool, then another steam bath, and so on. But I'd forgo the luxury for a quick, hot shower. Since we left Stockholm I've become a second 'Bathless Groggins' since public baths don't exist in the country and the cold water is little less than chipped ice.

"To top off getting a chill every time we bathe we have to run into a 'cold' wave here. The weather is unseasonably cool and the best way to describe it is to ask you to think of the month of November. When Patti, Rugh and I read you were having a heat wave in the states, we about collapsed.

"Guess that gives you a bird's eye view of Sweden for less than five grams per letter. (The maximum weight allowed.) See all of you in just about a month."

Ben Johnson, the English poet, is believed to be buried in a sitting posture because the plot provided for him in Westminster Abbey was too small for his corpse to be buried lying down.

Hold Trader Horn 3rd Reunion Sunday

At Cole's camp on Slippery Rock creek, members of the Trader Horn club had their third annual reunion on Sunday with 85 present.

There was a ball game between teams composed of married and single men, horseshoe pitching tournament and other amusements. It is reported that a number of the boys are somewhat stiff after their unusual exercises.

Refreshments were served during the day.

Joe Solomon and Herman Steinbrink, former south-siders, made addresses.

At the business session, the following officers were elected: president and treasurer, Evan Lewis; secretary, John Phillips. Group singing followed the business session.

Out of town guests were Luther Rowe of Rock Hill, S. C., and Norman Nocera of Minneapolis, Min.

Next year's reunion will again be in August.

HOUSE STAYS

LINCOLNVILLE, Me.—A tiny house has stood in two states and three counties—but it has never been moved. The 230 year old dwelling—one of Maine's oldest—was built about 1718, when Maine was a part of Massachusetts. When Maine became a state it was in Lincoln County. In a later county division it was in Hancock County. In 1827, a third division made the area Waldo County.

The two-room house was acquired in 1939 by Rachel E. Obershaw and Hester R. Hoffman of Newport. Most of the old oaken beams remain as do the original mantle and ovens in the kitchen.

INTOXICATED DRIVER CRASHES STOP LIGHT

Charles E. Leasure, Jr., 2209 Delaware avenue, was arrested at one o'clock this morning for driving through the stop light at the corner of Neshannock avenue and North streets.

The driver was brought into police station after a short chase, examined by Dr. W. A. Womer, the city physician, and charged with drunken driving. He was detained in police station all night and is to be arraigned before an alderman sometime today.

US Steel Closes Wage Testimony

NEW YORK, Aug. 23.—(INS)—U. S. Steel Corporation declared Monday at the concluding day of testimony in the industry's opposition to general wage increases that the country is "very, very tired of these rounds of wage and cost-of-living price increases."

Enders M. Voorhees, chairman of the Finance Committee of Big Steel, said that three times in three years the people have listened to the "dulcet serenade of union leaders and their economists that wages can go up and the prices out of which those wages are paid can go down."

Different This Time
He cautioned that there is something different this time, saying: "This time the public is prepared to do something about it—and, indeed, it has already started. Customers can hold back if they don't like what is going on. They are holding back. The country's corporate profits have gone down by one-quarter in six months."

Voorhees said that to agree with the union leaders' demand would be to set off another round of higher wages and higher prices for the fourth time since the end of World War II.

Means Capitulation
"To agree would be to capitulate once more to those insatiable and unceasing efforts to wring more and more, apparently from business, but actually from other segments of the economy, for there is no other place from which it can be taken."

"To agree would be to give the old age benefits, whether from government, industry or hard-earned private savings, another dose of devaluation, and it would be bitter medicine."

Voorhees devoted considerable time to a discussion of the union's demand for worker pensions. He said the union's plan, to be financially sound would cost U. S. Steel \$5 million dollars each year for the next 35 years, for a total of three billion dollars.

Methodist Young Folks At Institute

Don Sturgis, Ruth Ann Daniels
Attend Erie Conference Youth Fellowship Institute

Donald Sturgis of North Liberty street, and Miss Ruth Ann Daniels of Waldo street, have returned, after attending the Methodist Youth Fellowship Institute of the Erie Conference, at Allegheny College, Meadville, August 15 to 22.

There were 13 young folks and 24 counselors present from the four districts, Jamestown, Brookville, Meadville and Grove City. Donald and Miss Daniels were delegates from the Young People's Fellowship of Mahoning Methodist church.

Rev. Warren A. Bugbee, former pastor of Mahoning church, was the preacher at every evening service. On Friday evening, the boys serenaded the girls. Saturday evening, there was a very impressive Candlelight Service, in the Ford Chapel of the college.

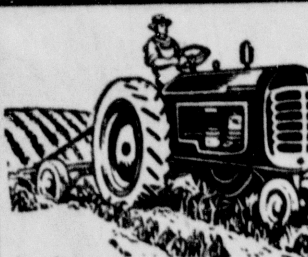

Rev. Dwight Jack preached Sunday morning; and Sunday evening, there was Communion and consecration service in the Ford chapel.

Children Gather To Mark Anniversary

At the home of Mrs. George H. Hake, of Mahoningtown, R.D. 7, forty little guests gathered on Sunday afternoon, August 21. The occasion was the celebration of the third birthday anniversary of the former's granddaughter, Judith Anne Hake.

Various games were enjoyed by the children, with prizes being awarded to Junior Ridenbaugh and Ray Bales.

Tasty refreshments were served by the hostess, assisted by Mrs. Jane Hake. The table was nicely decorated, and a lovely cake graced the table.

The honored guest received a number of nice and useful gifts.

"Never-Never-Never"

Vaughan Will Deny All --- Almost

(The entire nation has been waiting for Maj. Gen. Harry H. Vaughan's reply to allegations before the Senate "five percent" committee that he used "undue influence" in obtaining government services for private interests. In the following exclusive article, veteran International News Service White House correspondent Robert G. Nixon, discloses that the president's military aide will deny the charges in vehement terms. Indignant, General Vaughan feels they are really aimed not at him, but at President Truman, and he will present his own counter-charges when he takes the stand. The article is based upon information obtained by Nixon from unusually highly-placed sources.)

By ROBERT G. NIXON
(U. S. Staff Correspondent)

WASHINGTON, Aug. 23.—Like the Gilbert and Sullivan captain of the king's navy, Maj. Gen. Harry H. Vaughan will tell the Senate "five percent" investigating committee that he "never, never, never," used undue influence as a presidential military aide.

Or, as the jingle goes in the famous operatic satire:

"Never, never, never — well, hardly ever."

The longtime friend and associate of the president has prepared a point-by-point denial of the allegations aimed at him thus far in committee testimony.

Counter Charges
In fact, there are hints of sensational counter charges in which the military aide may accuse "certain" witnesses of being "phony setups" of anti-administration forces.

As the general sees it, he has, on occasion, been simply an "expediter" of certain matters for the White House in speeding up legitimate government business through the tortuous channels of bureaucracy.

Such occasions, he will insist, have been wholly in connection with his duties as presidential aide and coordinator of veterans affairs.

One thing the general wants to make clear—he has never threatened to "get" anyone's job in the government.

In fact, the general is prepared to deny all—or almost all.

A former agriculture department employee testified that in 1946 Vaughan called him and threatened to "get his job" unless the Allied

Molasses company received another allocation of sugar. The company had been deprived of sugar allocations for violating a war food order. This is Vaughan's reaction:

"That's a blankety, blank lie! I never threatened to get anybody's job."

No Notification

Gen. Vaughan is expected to be called before the committee this week. But when he returned yesterday afternoon from accompanying President Truman on his flying trip to the Veterans of Foreign Wars convention in Miami, he said he had not received any notification from the committee.

Both he and the president have said earlier that Vaughan is prepared to go before the committee and make "a full statement on all the matters in which his name has been mentioned" whenever he is called.

The barrel-chested, ribbon-collecting presidential military aide today is in no mood to testify on the defensive.

In his statement he will strike out boldly at those he regards as not merely his persecutors, but persons he believes are trying to strike at his friend, the president.

Vaughan has a deep-set conviction that he is only the medium through which "enemies" of the Truman administration are trying to undermine his benefactor and former war buddy.

He has told White House intimates:

"I am not the one they are after — it's the president."

Catholic Veterans
Plan Welfare Event

Lawrence County Child Welfare Fund Will Benefit From Vets Program Planned

New Castle Catholic War Veterans gathered Monday evening in the K. of C. hall and planned a program to be held in the near future. It will be for the benefit of the Lawrence County Child Welfare fund.

Commander Edward DeCarbo presided, and post chaplain, Rev. Fr. Albert M. Inteso, opened the meeting with prayer. A committee was selected to plan future programs.

Francis Davis is the chairman, and his aides are: Orland Calazza, Nunzio Guido, Philip McCann and Anthony Cooper.

Commander DeCarbo spoke on the executive and board meeting held in a two day session in Chicago, Ill., last week.

Plans are underway by the national department for a special excursion to Italy, during 1950—the Holy year. It will be a three weeks visit, and a special rate will be announced. Full details are to be announced.

Due to the Labor day holiday, the club will meet on Tuesday, September 6.

CUTS HAND

Edward Allhouse, 15, of 1910 Pennsylvania avenue, was treated for cuts of the left hand, near the thumb, which he received on a broken glass jar at his home Monday.

After treatment in the New Castle hospital, he was discharged.

Milk Production
In July Falls Off

Poor Condition Of Pastures
Blamed For Smaller Amount
Of Milk Produced By
Cows

HARRISBURG.—Poor condition of pastures, brought on by dry weather of June, reduced milk production during the month of July on Pennsylvania farms, according to federal-state surveys as of August 1, announced by the State Department of Agriculture.

Above normal temperatures affected the rate of lay in farm flocks and egg production for July declined more than seasonally, the survey revealed.

Rainy weather which prevailed in most areas of Pennsylvania during much of July retarded harvesting of grains and hay but favored plant growth generally. Much wheat sprouted in the shock and considerable hay was spoiled. Hay harvesting was well advanced on August 1 but yields generally were below early expectations.

The early potato crop was disappointing with the set relatively light and tubers smaller than usual. Development was retarded by the hot, dry weather of early July. Conditions were greatly improved by rains, except in the northeastern quarter of the state. The set is reported light but vine growth is good.

Yields of hay are near average in southern counties of Pennsylvania but insufficient rain cut production sharply in northern areas. In some localities there will be no second or third cutting of clover or alfalfa. Pastures were only fair on August 1 and were poor in north-central and northeastern counties. Much supplemental feeding was necessary to keep up milk production.

U. S. Plane Joins
Search For Missing
Canadian Aircraft

WINNIPEG, Man., Aug. 23.—(INS)—A U. S. Air Force C-54 today joined 14 Royal Canadian Air Force planes to search the desolate Manitoba northland for an RCAF craft missing since Sunday morning with 20 aboard.

The area in which the plane is believed down was described by a Manitoba forestry service official as bush and muskeg country with countless lakes. The amphibious craft went down during a heavy storm and there was no clue to its fate.

RCAF officials were still hopeful that the plane was able to make a safe landing on one of the numerous lakes in the area. There are very few settlements in the district and it is unlikely the missing fliers will be able to communicate with persons on the ground.

The U. S. plane which joined in the search was diverted at Winnipeg while en route from Edmonton to Gimli, Manitoba.

Chiang Kai-Shek
Arrives In Canton

CANTON, Aug. 23.—(INS)—Generalissimo Chiang Kai-Shek arrived in Canton today for a round of top-level military meetings aimed at developing a nationalist counter-offensive in South Central China.

Moslem General Pai Chung-Hsi, whose troops last week inflicted the first serious blow on the advancing communists, intends to extend his Canton visit so as to be able to meet with Chiang.

Members of the generalissimo's staff are already in the provisional capital.

Pai's successes around Hang-yang, 260 miles north of Canton, have considerably buoyed nationalist hopes. There is even some talk that the government counter-offensive may already be under way.

However, more cautious quarters feel that the nationalist victories may have been the result of communist over-extension of supply and communication lines.

N.S.A. Enjoys
Picnic Outing

New Castle chapter of the National Secretaries Association enjoyed their annual picnic supper recently in the Community park, in New Wilmington. An excellent attendance was noted.

The picnic table was nicely arranged with autumn flowers, and serving got underway at 6:30 o'clock.

After the meal, a brief business meeting was held with president, Miss Olive Webb, in charge. Coming plans for the future were discussed at this time.

An informal social time ensued, with members enjoying various pastimes.

The social committee, with Dorothy Latshaw as chairman arranged the outing, and its success is due to their cooperation.

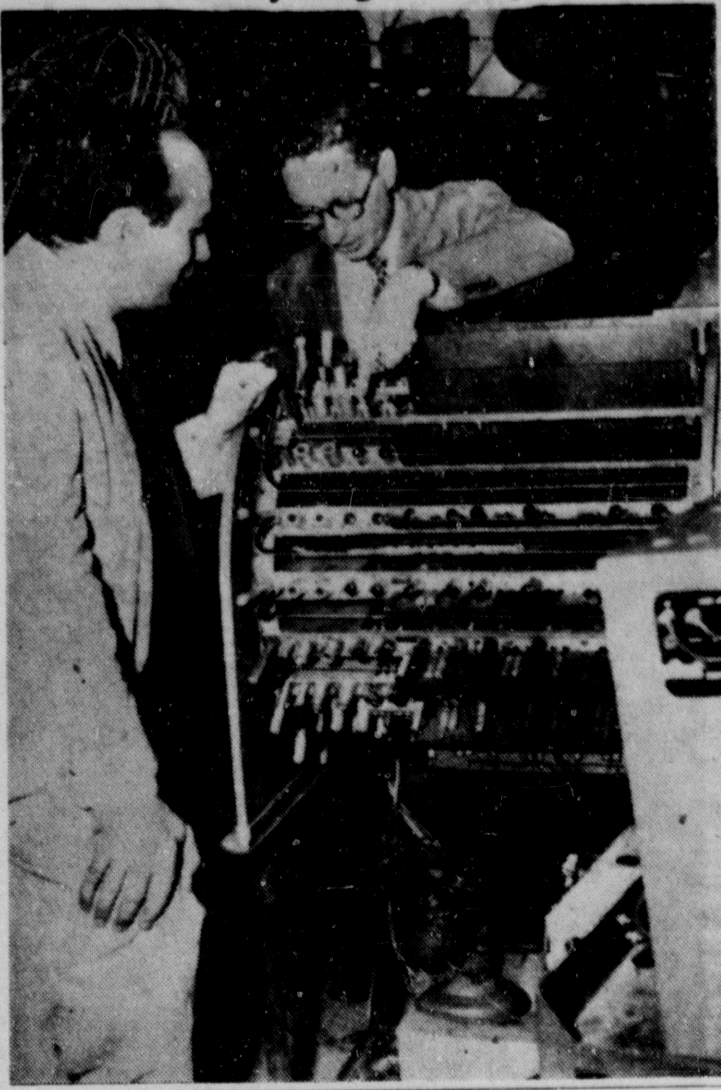

September 15, is the date for the next dinner-meeting to be held at the Manse, in New Wilmington.

Gas Consumption
Increase Noted

Increase Of 6 Percent Shown In
Gasoline Used First Six
Months Of 1949

HARRISBURG.—Acting Secretary of Revenue Otto F. Messner today released comparative figures representing the gallons of gasoline on which tax was collected for the period of January to June, 1949, inclusive, and during the corresponding period of 1948, which shows an increase of more than 6 per cent in 1949 over the same period of 1948.

The figures show a five per cent decrease in June, 1949, as compared to 1948, which was the first month in which the additional 1 cent gasoline tax became effective.

However, there was an amazing increase of more than 15 per cent in May, 1949, as compared to May, 1948, which indicated that there was heavy stocking up on gasoline just prior to the effective date of the additional 1 cent tax which Mr. Messner explained as follows:

"Gallons taxed during June is approximately 29,000,000 gallons less than the gallonage for May, 1949."

"However, in comparing these figures, we must bear in mind that from the best information attainable the department believes that approximately 14,000,000 gallons were delivered by distributors during the last week in May at the 4 cent rate over and above normal deliveries."

No One Injured
In Monday Crash

One car was turned over in an accident Monday afternoon at 5 p. m. at the intersection of Route 18 and the New Wilmington-Pulaski road, but no one was injured, state police report.

William J. Shaw, aged 16, R.D. 2, Volant, traveling from New Wilmington to Pulaski was stopped at the sign at the intersection of the two roads, while Robert L. Ferguson, aged 23, R.D. 1, Sharon was traveling toward New Castle on Route 18.

The Ferguson car was hit through the middle as it crossed the intersection and turned over with \$300 damage estimated to the two cars involved in the crash. An investigation is being conducted by state police.

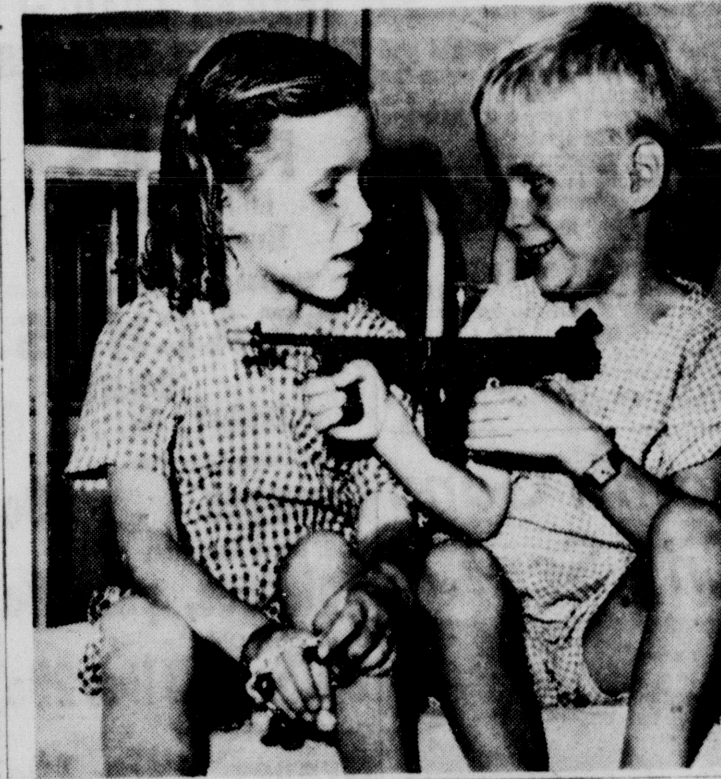

Union Yearbooks

Highway Officials Report That 18
And A Half Miles Of Road
Under Contract In
District

HARRISBURG.—Contracts awarded for road improvements in Pennsylvania total 102 for the year to date with others to follow. Secretary of Highways Ray F. Snook announced today.

The contracts are for 254 miles of improvements, construction of 76 bridges, painting of 130 others; at a total cost of \$21,000,306.

In addition there were 274 carry-over contracts from 1948, the majority of which will be completed during the current construction season. These are bringing improvements to another 175 miles of highway at a cost of \$61,300,366. The grand total of old and new contracts is \$82,873,183.

Bids will be received by the Highway department on or before September 2, for an additional 68 miles of improvements and 31 bridges.

For the year to August 2, contractors have completed 148 miles of pavement.

Mileage by Highway department districts for the year follow:

District 1, Franklin, 16.50 miles; District 2, Clearfield, 10.47 miles; District 3, Williamsport, 12.36 miles; District 4, Scranton, 16.12 miles; District 5, Allentown, 11.11 miles; District 6, Ardmore, 11.30 miles; District 8, Harrisburg, 23.56 miles; District 9, Hollidaysburg, 7.17 miles; District 10, Indiana, 17.87 miles; District 11, Pittsburgh, 13.02 miles; and District 12, Uniontown, 8.59 miles.

Fear Red Uprising

OBSERVERS FEAR Helsinki (1), capital of Finland, will be next in the Communist-led strike onslaught against the nation's industrial life after the bloodshed between striking lumberjacks and police at Kemi (2). Situation parallels that which resulted in Communist seizure of Czechoslovakia. Troops were sent to Kemi from Oulu (3) after 1,500 strikers smashed police lines to attack workers reporting for duty. One striker was killed, nine persons injured. Other troops were sent to Hangoe (4), which had been crippled by a nationwide dock strike.

Announce Dates For
1949 Horse Show

Fourth Annual Pennsylvania Horse Show To Take Place From
October 19 Through 26

HARRISBURG.—More than 500 entries and \$26,500 in cash awards are expected to make the fourth annual Pennsylvania National Horse Show at Harrisburg, October 19 through 26, the largest to date, the show committee has reported to the State Department of Commerce Vacation and Recreation bureau.

This event is being held during Pennsylvania Week and will be staged in the arena at the State Farm Show buildings.

New interest in the show is being shown by the middle-western saddle horse owners and that the entry list will exceed last year's according to a show official.

International military teams from Mexico, Canada and Chile are expected to be entered this year. Either the Irish or Italian teams will be sent to the show and another possible entry is a Dutch team. France is not expected to compete.

Last year the Pennsylvania National Horse Show, which had 500 entries and cash prizes totaling \$26,400, attracted more than 70,000 persons from many states.

MOTOR OVERHEATS
City firemen were called to the home of Mrs. Clara DeLorenzo, of 416 Hawthorne street, at 7:45 a. m., today, by an alarm from Box 33. It was found that the motor on an electric refrigerator had overheated. There was no fire damage. Chief H. F. Steinbrink reported.

Stop For School Buses Loading Or Discharging

New Law Effective September 1 Requires Motorists To Stop

By TOM R. BRISLIN (U. S. Staff Correspondent) PHILADELPHIA, Aug. 23.—Three million Pennsylvania motorists were alerted today concerning a new highway safety measure designed to "prevent the slaughter" of children soon returning to their classrooms. The state highways department and automobile clubs and associations in every county reminded drivers that effective Sept. 1 they will be required to come to a full stop when approaching or overtaking school buses loading or discharging children.

Learn Law Spokesmen for the Keystone Automobile club and other highway safety organizations said that unless the state motorists familiarize themselves with the new law, more accidents rather than fewer are likely to result. The 1949 legislature passed the revised school bus law, modeled after safety legislation already effective in 33 other states. The measure was adopted to protect more than 300,000 children who ride 4,500 buses to and from schools from death or injury along the highways.

T. E. Transeau, director of the state bureau of highway safety, called for "mass education" of the commonwealth's army of drivers, to acquaint them with the new law. Said Transeau: "More than 3,000,000 drivers in

Make Public Conscious "The driving public must be made conscious that they will be required to stop for school buses. It will require a general educational campaign to teach motorists."

Transeau said that in New York state two years ago when a similar law was passed, accidents in connection with halted school buses increased until motorists became fully acquainted with the statute. "That shouldn't be allowed to happen here," he declared. "There must be no slaughter of school children on our highways merely because a driver is ignorant of the law."

Most of the New York state accidents occurred, Transeau said, when automobiles plowed into the rear of other cars or into school buses which had stopped to load or unload passengers. Highway safety groups point out that the new law requires all vehicles approaching halted school buses—from the front or rear—on any highway or street outside a business or residential section to come to a stop within 10 feet of the bus.

Bar West Germany From Pact For Time By ELIE MAISSI (U. S. Staff Correspondent) PARIS, Aug. 23.—(INS)—Andre Francois-Poncet, the new French high commissioner for Germany, believes that Western Germany cannot presently join the Atlantic Pact, but that ultimately "Germany must be integrated into Europe."

Eventually, Poncet told International News Service, the west Germans can be admitted into the Council of Europe provided they turn toward "freedom, democracy and peace."

Mahoning Township Schools Will Open Wednesday, Sept. 7

Mahoning Township Schools will open on Wednesday, September 7, it has been announced by the principal, Mrs. Elizabeth Miller. The opening affects the Hillsville and Tent Hill schools.

The first day of school will be only a half day and boys and girls need not bring their lunch on that day. The bus schedule will remain the same as last year.

A teachers meeting will be conducted in the Hillsville building at 12:30 p. m. on the first day of school to acquaint the teachers with the year's program. No new teachers have been added to the system.

John L. Lewis Heading South CLARKSBURG, W. Va., Aug. 23.—(INS)—John L. Lewis, president of the United Mine Workers, left Clarksburg today en route south, possibly to attend the coal pact negotiations in White Sulphur Springs, W. Va.

Lewis had no comment, but his chauffeur, James Lewis, told friends in Clarksburg that the union chief "has some business further south, and that's where we're going."

Reaches Clarksburg Lewis left Washington yesterday, arriving in Clarksburg late last night.

The union's 1949 contract negotiations with several groups of operators are scheduled to resume today after numerous postponements.

If Lewis attends the session, it will be the first time he has been present for some weeks.

National Gymanfa Ganu In Salt Lake City Sept. 4

Picture shows the Mormon Tabernacle in Salt Lake City where the Gymanfa Ganu will be held September 4.

When the National Gymanfa Ganu, or Song Festival is held in Salt Lake City September 3-5 many new Castle fans will be seen.

National President Henry T. Jones said today about 25 New Castle people would attend, with many others from the Western Pennsylvania-eastern Ohio district.

In Tabernacle This year the Gymanfa Ganu is being held west of Chicago for the first time. The tabernacle in Salt Lake City will be the Gymanfa site with an estimated 5,000 attending. Dr. M. D. Thomas is the general chairman.

On Saturday night September 3 the Noson Llawen or Happy Night will be held. This is a social gathering with no strictly formal program. Old friends meet, songs are sung and refreshments are served.

Sunday September 4 is the day of the Gymanfa when the old Welsh hymns and folk songs are sung congregationally. William Albert Hughes of Cleveland, O., well known here will be the director.

Monday September 5 will be given over to tours. The open cut copper mine at Bingham, Utah, will be visited and a picnic held at Saltair, on Great Salt Lake. In addition there will be tours of the canyons of Utah.

Already Left About fifteen New Castle people will make the trip by train with others driving. Mr. and Mrs. Ivor V. Davis of Wallace avenue have already left by automobile.

President Jones will be in general charge of the Gymanfa and will deliver his annual address on Sunday afternoon, September 4.

Adult Driving School Will End August 30th

Arthur H. Walker, instructor in automobile driving, is asking a few questions of his pupil, Mrs. Lillian B. Gay of 323 East Wallace avenue, following completion of a lesson. Mrs. Gay is a student in one of the adult classes conducted during the summer months.

The third summer of the New Castle driving school, which is sponsored jointly by the AAA and the local school district is about to come to an end, with all classes concluding August 30.

All classes will end Tuesday, August 30.

When the school was started three years ago by Clark McClelland and the late Dr. G. K. Mills, it was designed for high school students only. McClelland was the only instructor during the first year of the school's existence. But the school has expanded until now there are five instructors during the summer, when adults are the only students, who can handle 32 persons each.

Division of Classes Classes are divided into two five-week periods during the summer, usually starting the first week of June. Lessons are given three times a week (Monday, Wednesday and Friday, or Tuesday, Thursday and Saturday) at a cost of \$15 or \$1 per hour.

Lessons are an hour in length with three shifts of instructors on the job. One shift, with Clark McClelland and Robert Wilson as instructors, is from 8 a. m. until 12 noon; the second shift from 1 p. m. until 5 p. m. has Arthur Walker as an instructor. From 5 p. m. until 9 p. m. Walter McKee and Martin Leonhardt take over.

Hours Are Lengthened The first year that the school was held four students went out with an instructor at a time and the course only consisted of 12 hours. Last year the number of students going out at a time was cut to two, but the instructors felt that more hours were needed and this year the course was extended three hours to 15.

The great majority of the students, over 90 per cent, during the summer months are women, and approximately 75 per cent pass the driving test the first time.

Contrary to popular opinion the driving school is not only a local proposition. Almost every state in the country has at least one school in operation.

Change School System This is the first year that regular indoor classes will be held at the high school teaching the theory of driving along with the actual practice. Students will also be given regular academic credit for taking

the driving course this year for the first time.

The course given to high school students is one semester in length, and Robert K. Wilson, the instructor, can handle 32 students per semester.

Saddle Club Plans Wednesday Meeting Lawrence County Saddle and Harness Association will hold a regular business meeting Wednesday at the cottage of Mr. and Mrs. Ed McKissick, first road on the left off the Liberty Grang road. Meeting time is eight o'clock.

Important plans for the forthcoming horse show are to be discussed. After the meeting, a corn and wiener roast will be held. All members are urged to be present.

WASH-DAY MISHAP Mrs. Anna Oberding, of 12 W. Wallace avenue, was treated at the Jameson Memorial hospital Monday morning for a laceration of the palm of the left hand, and fourth finger, received when her hand was caught in an electric wringer, while washing.

Boost Milk Price Half Cent A Quart

HARRISBURG, Aug. 23.—(INS)—The milk control commission today posted tentative orders raising retail prices of standard milk a half cent a quart in five marketing areas effective October 1.

Producer prices are scheduled to rise 20 cents a hundredweight (46 1/2 quarts) simultaneously.

The order represented a half-cent cut in a proposed boost and a one-month postponement of the schedule which was to have been effective September 1.

The commission said the increases, if sanctioned formally later, would reflect higher operating costs.

Assistant Pittsburgh Solicitor Albert Brandon opposed the tentative schedule and said the commission does not have the welfare of children at heart.

E. Lowry Humes, counsel for the Dairyman's Sales Cooperative, replied: "A wilful and deliberate lie."

WOMAN PLEADS GUILTY UNIONTOWN, Pa., Aug. 23.—(INS)—Mrs. Lula Sears, 44, today pleaded guilty in Fayette county court to voluntary manslaughter in the slaying of Emory Morgan.

Mrs. Sears, mother of five children and housekeeper for the dead man at nearby Hopwood, said she fired the fatal shot because Morgan followed her upstairs and threatened her life.

All visitors will be given deputy sheriff's badges, requiring them, among other duties, to make certain that traffic rules will be enforced and obeyed.

CHILD IS INJURED William Hufford, aged 3 years, of 2102 Delaware avenue, was treated at the Jameson Memorial hospital at 12:15 p. m. Monday for a laceration of the back of the head, received when he slipped and fell in a neighbor's yard, striking his head against a stone.

Nails were scarce in the early American colonies.

No Move To Settle Strike At Carbon

No change is reported in the week-long strike at the Carbon Limestone company, Hillsville, Pa. About 200 members of Local 312, United Construction Workers, struck on August 15, when the company and union disagreed on issues pertaining to wages, vacations and holidays.

The union, which is affiliated with the United Mine Workers, has placed a picket line around the plant.

According to Michael Shulack, president of Local 312, the company has not made any move as yet to meet with union officials.

He said: "The company has not yet set a date to negotiate with us (the union). The union is willing to cooperate."

Recently the union members and other quarry workers conducted a mass meeting in Hillsville, to discuss the strike situation. However, no settlement was reached from that session.

"Assignment; America"

By INEZ ROBB

(Reg. U. S. Pat. Off.)
(Distributed By International News Service)

NEW YORK, Aug. 22.—(INS)—At one time or another during the past thirteen years, most of the world has fallen in love with a black-haired, green-eyed beauty named Scarlett O'Hara.

Most of the world, that is, except her creator, Margaret Mitchell, who had no use for her heroine and was horrified that anyone could think well of her.

"Thoroughly Immoral!" "She's a thoroughly immoral woman!" Miss Mitchell cried indignantly when I saw her in Atlanta, Ga., ten years ago. I had been brash enough to say I thought Scarlett, who had endured much during the war between states, was more to be pitied than scorned.

No, said Miss Mitchell, Scarlett was a thoroughly hussy, an unscrupulous baggage and a generally bad woman. I would please not make excuses for her, said the writer who had brought Scarlett to what undoubtedly is immortal life.

I still was not licked. I argued that Scarlett was a war casualty, pathologically conditioned by the horrors and horrors of war into a scheming adventuress. Rubbish, said Miss Mitchell of the woman who was then the world's favorite heroine. Scarlett was just plain bad, and there was no excuse for her, the author said. She wrinkled her nose in distaste. She would have none of Scarlett. It fascinated me then, and it fascinates me now to remember that Miss Mitchell recoiled from the provocative, alluring woman who captivated everyone else, and who helped earn an immense fortune and fame for her creator.

Publicity Distasteful But then, Peggy Mitchell never wanted fame or fortune. That was always hard for the world to believe, but it was true. Of all the persons blessed by Lady Luck and thrust into the spotlight of public acclaim whom I have interviewed in the past twenty years, she is the only celebrity professing deep distaste for the whole business whom I believed.

It was my great good fortune to meet her four times. It was my good fortune because she possessed an innate kindness and warmth that made her one of the most appealing persons I have ever known.

The warmth and kindness, coupled with her astuteness and wit, her sharp intelligence and her gaiety endeared her to everyone who knew her. It is redundant to mention her genuine modesty and her complete lack of side.

From the moment that "Gone With The Wind" emerged as the most sensational success in American publishing annals, Miss

Mitchell resolutely refused to trade on its popularity, or to take any part in the whooping and hurrahing that followed.

The book rocketed three women to the pinnacle of fame: Miss Mitchell, Scarlett, and Vivien Leigh. I have heard in recent years that the character Scarlett was modeled on one of her own southern ancestors but I never had a chance to ask Miss Mitchell if this was true.

Melanie Feminine I do not think it too fanciful to believe that in Melanie, Miss Mitchell created her ideal of the women of the Confederacy. Melanie was everything feminine and sweet, but sustained by a streak of stainless steel in mind, will and soul.

In Melanie, Miss Mitchell painted a woman who was not only the antithesis of Scarlett, but, I shall always believe, an unconscious self-portrait.

The last time I saw Miss Mitchell was on one of her rare visits to New York. Tiny, gay, pretty as a picture, she came here to christen the Cruiser Atlanta.

We got to talking about such christenings, the waste of good champagne, etc., etc. Finally, I asked her what stance she used for whacking battleships.

"I hunt 'em," she said succinctly, and it developed that she had

"Flea Don't Bother Me I'm Dusted with PULVEX DDT"

PULVEX KILLS FLEAS
Flea Powder — KILLS FLEAS —

been, surprisingly, a sand-lot ball player as a child.

I cannot really say that I knew Margaret Mitchell or that she was my friend. But like millions of other men and women, I felt deep affection for her. Her wanton, insensate destruction has left me, like them, with a sense of great personal bereavement.

Workers Expected To Return To Jobs

McKEESPORT, Pa., Aug. 23.—(INS)—About 700 workers at the Kelsey-Hayes Wheel Company plant in nearby Port Vue Monday were expected to end their so-called unauthorized six-day strike.

At a meeting in McKeesport yesterday, members of Local 2587, CIO United Steel Workers, which represents the employees, revamped its negotiating committee. Four members resigned, while two were retained.

The company, according to Joseph A. Capozzi, president of the local, refuses to discuss a pay increase until the strikers go back to work.

Capozzi, who claims the strike was not authorized, said his committee would meet today to plan a back-to-work movement.

Good Taste

By FRANCINE MARKEL

YOUR CHILD'S READING

"I should like my children, a girl of twelve and a boy of ten to develop a taste for reading. Can you suggest how this might be accomplished?"

Answer: People who are born with a thirst for knowledge will attain it regardless of their handicaps and lack of opportunities. But parents are the children whose parents take sufficient interest in their future to help them learn "the easy way."

If there is a library near your home, take out a subscription of membership for your children and let them have the advantage of a librarian's assistance in their selection of books. Most libraries have a juvenile department.

Do not force reading upon your children but place at their disposal books of varied youthful interests. Buy for them such classics as "Lamb's Tales from Shakespeare," Robinson Crusoe, Robin Hood, Oliver Twist, Treasure Island, etc., etc.

Girls up to about fourteen enjoy

"Little Women," "Little Men," and the Elsie books.

Boys of that age go wild over "20,000 Leagues Under the Sea," "The Three Musketeers" and "The Call of the Wild."

Both boys and girls of that age enjoy "David Copperfield," "A Tale of Two Cities." With these as a nucleus, you might start a library for them.

Study the reading tendencies of your children, learn their likes and keep them supplied with books of the right kind that suit their mentality and develop their taste for good literature.

Senator To Quiz General Vaughan On 60-Day Rise

MILWAUKEE, Aug. 23.—(INS)

—Senator McCarthy (R Wis.) intends to quiz Maj. Gen. Harry H. Vaughan next week during Senate hearings on his 60-day rise from lieutenant colonel to major general.

In a telephone call to the Mil-

waukee Sentinel Sunday night, the Wisconsin Senator, a member of the subcommittee investigating "five percenters" activities, said he would like to know "how did General Vaughan make the jump from lieutenant colonel to major general in 60 days—a jump that ordinarily takes 10 years via the usual army route."

Senator McCarthy pointed out that Vaughan was a lieutenant colonel in September, 1944 and was

raised to major general in June 1946, but the date of rank was set back to Nov. 1, 1944, thus providing retroactivity to that date in pay, seniority and other rights.

Another "SUPERIOR" Building! No Waterproofing!

The building illustrated is another "Superior" block building in New Castle. This building was built with 5,000 8x8x16 Superior Plain Block. The building proves the superiority of SUPERIOR CONCRETE BLOCK over other average cement blocks in their water-resisting construction. The approximate savings on waterproofing compound alone, not including labor, would have exceeded \$250.00.

Washington Pupils Register This Week

New pupils for George Washington Junior high school will be able to register for the coming school year at the school office from August 22 to September 2, it is announced.

Groups registering will include those pupils who move into the school since the close of school in June. This includes students from the townships and parochial schools.

Seventh grade pupils coming in from the elementary schools of the city will not have to register as they were assigned to rooms last June.

All persons registering are asked to bring their birth certificates, vaccination certificates and report cards. In addition the township pupils are asked to bring their certificates that they received from the county office showing that they passed the necessary examinations.

Business College Begins 55th Year

New Castle Business college will open its 55th fall term on Tuesday, September 6, it is announced by G. Crawford Lyons, director of the school.

A record enrollment from New Castle and surrounding communities is expected to register for the day and night courses offered by the school this year.

A large majority of the students this year will be recent high school graduates along with a large number of veterans. Approximately 125 veterans attended the school last year.

At the close of the 19th century, only 10 per cent of United States foreign commerce was carried in American ships.

Sabotage Reports Follow Forest Fire

BORDEAUX, Aug. 23.—(INS)—reports of sabotage arose today in the wake of forest fires that destroyed 150 thousand acres of timberland in southwestern France and caused the deaths of at least 78 persons.

The Paris newspaper France Soir reported that police have found evidence of sabotage. A tube 10 inches long and one inch in

diameter containing grains of gunpowder was reported discovered near Cabarra, a village 25 miles from Bordeaux in the fire area.

Similar tubes were said to have been found in other places where fires broke out.

Defense minister Paul Ramadier, who also is acting minister of the interior, opened a personal investigation into the disaster.

France Soir said editorially: "France has never known such a catastrophe caused by forest fires. If it is true that criminal hands started this holocaust, justice must strike without pity."

Recordings Made At Cohen's Home Reported As Duds

LOS ANGELES, Aug. 23.—(INS)—District Attorney William A. Simpson of Los Angeles announced Monday that recordings made at the home of Mobster Mickey Cohen are "duds."

Simpson declared the recordings are mostly "unintelligible" and such a "mumble-jumble" that they contain nothing that could be used in court or provide a solid lead to gangster activities.

At the same time, Simpson disclosed the existence of more than a score of "new recordings."

The new recordings are said to be wax disks made from tape recordings obtained by police stationed at "listening posts" near the

Cohen home for nearly a year. Existence of the original recordings was withheld for nearly two years until last week.

They now are said to be in the files of the police crime laboratory.

Simpson's announcement was made after a long-distance telephone conversation with his investigation bureau chief, H. Leo Stanley, who is at Lake Arrowhead, Calif.

Stanley has listened for more than 20 hours to playbacks of the 19 recordings turned over to Police Chief William A. Worton by Lt. Rudy Wellpott, former head of the administrative vice squad, who reportedly has given Simpson his home story of the Cohen wire-tapping sensation.

EXTENSION SPECIALIST

J. M. Fry, state director of the Agriculture Extension Service, has announced appointment of Robert F. Fletcher, of Northumberland, as extension vegetable specialist for Pennsylvania State College.

Fletcher, an infantry veteran of the Sicily, Salerno, Anzio and southern France invasions, majored in horticulture, and devoted much of his time to vegetables, Fry said.

Fish usually come to the surface when the water becomes foul or deficient in oxygen.

LOT OF OIL

LAKE SUCCESS, N. Y., Aug. 23.—(INS)—The United Nations was told by leading California geologists Monday that an estimated 1,500 billion barrels of petroleum remain to be discovered in the world.

A. I. Levorsen, dean of the School of Mineral Sciences at Stanford University in California, said his estimate includes reserves in both land and undersea areas, and is by no means final.

He cited estimates by other geologists that the eastern hemisphere contains twice as much undiscovered petroleum as the western hemisphere.

BLUE CROSS

will pay hospital bills for you

Some Blue Cross subscribers pay as little as 3c a day for the assurance that Blue Cross will pay for hospital care when they need it.

The most that Blue Cross protection can cost—for you and every member of your family—is less than 5c a day for each person protected.

If you are under 66—learn more about the low-cost, sensible, Blue Cross way to avoid worry over the risk of hospital bills.

Today, more than ever before, you need the protection of BLUE CROSS

Present high living costs leave little money in the family budget to take care of emergency bills.

At the same time, all the costs of running a hospital are high. Even though hospitals are non-profit institutions, they must charge their patients high rates to cover their inflated costs. But fear of the cost of hospitalization need not deprive you of hospital care when you need it.

In Western Pennsylvania, through membership in Blue Cross, more than 1,300,000 persons avoid the risk of hospital bills they cannot afford.

Only BLUE CROSS provides service benefits—

Only BLUE CROSS actually
pays hospital bills!

When you or one of your family receives hospital care as a Blue Cross patient, the bill for services covered by your Blue Cross agreement is sent to Blue Cross . . . not to you. And Blue Cross pays the hospital.

Even when general living costs and the cost of hospitalization are high—as they are now—you always know that Blue Cross will provide the service benefits specified in your agreement.

One out of every eight Blue Cross members needed hospital care last year—and had it, with Blue Cross paying hospital bills.

You stand one chance in eight of needing hospital care this year. So does each member of your family. Who will pay the bills for that hospital care?

Last year Blue Cross paid bills for 1,109,847 patient days of care

Circus day is drawing nearer and nearer in New Castle with August 30, the day the Kiwanis club brings the celebrated Mills Bros. Three Ring Circus, menagerie and horse show here for afternoon and evening performances.

Members of the local organization, who have been conducting an advanced ticket sale, have made good progress to date and hopes are high that a sizeable sum will be realized for their underprivileged children fund, to which they are turning over the circus proceeds.

Members still have adult and children advanced tickets on sale and since the local group receives its heaviest percentages from tickets sold before circus day patrons are urged to make purchases now from Kiwanis club members.

Help Fund
"That way they'll do the utmost for the children's fund and at the same time enable themselves to avoid standing in line circus day at the circus grounds, the Buckeye Riding Grounds," Mr. J. J. Alexander, circus chairman, said today.

The Mills Bros. aggregation, which comes to New Castle from Sharon, is celebrating its 10th anniversary tour and its program has been well received throughout Ohio, Indiana, Illinois, Iowa, Wisconsin and Michigan.

Billboard magazine, the showman's bible, has termed the 1949 Mills show the finest in the careers of the Mills brothers, Jack, Jake and Harry.

few circuses that never play on Sunday anywhere and is the only one that carries its own minister, the Rev. Dock Waddell, 86-years-old, whose life story appeared in the July issue of Coronet.

Besides this, the show does not carry gambling devices, nor does it carry dancing girls. In the show business it is known as a Sunday school show, showing business parlor for being a 100% clean show. The veteran trouper-evangelist, who is an ordained Methodist minister, holds Sunday school each week for sons and daughters of Mills Bros. performers and has 100% attendance. How? He gives each youngster a penny, rather than having them contribute an offering.

The Mills Bros. two-hour, three-ring program is pinned on an assemblage of "Champions of All Nations."

THE WORLD AND THE MUD PUDDLES

(Continued from Page Four)

ficult and thankless assignment which he carried out in a masterly fashion. After the war, as Chief of the American Relief Administration, he was instrumental in saving the lives of millions of impoverished people, and his name is still mentioned in thankful reverence all over Europe.

As Secretary of Commerce under Harding and Coolidge, Mr. Hoover took over the most run down and ineffectual department of the government and expanded it into a vital, efficient force, giving the cabinet post a standing and dignity that it had never known before.

The post-war spree of spending and inflation was coming to a climax in 1928, and it was evident that the debacle was not far off. President Coolidge, with his Yankee cannyism, did not choose to run, but Mr. Hoover was not one to shirk responsibilities. He has never taken any part in politics—in fact, due to his long absences abroad, he had seldom voted, but he was elected President by an overwhelming majority purely on his record of achievement. When the inevitable storm broke he did everything humanly possible to relieve the situation, but his every move was balked by a hostile Democratic Congress, who could see the star of their party rising after a three term eclipse and coveted the credit for any improvement.

For three solid years before the election of 1932 an intensive campaign of vilification and misrepresentation was carried on by the Democratic National Committee under the direction of the master mud slinger Charles Michelson, and when Mr. Hoover left the White House he was indeed a man of sorrows and acquainted with grief. He had experienced his first and last taste of political life and learned how bitter is the cup. The attacks were continued and intensified by the clap-trap that swarmed into Washington during the first Roosevelt administration, and the President himself joined in them with almost incredible vindictiveness.

The great Dam in the Colorado River had been started under the Hoover administration and appropriately named in his honor, but when it was finished and dedicated in 1935, its name was changed by executive order to Boulder Dam. This shabby exhibition of narrow minded bigotry nullified by the Eighty-first Congress and the rightful title restored.

By joint resolution of the Houses of Congress—the same wicked Eighty-first Congress—Mr. Hoover was invited to make a survey of the badly snarled and unwieldy Executive Department and to offer recommendations for its improvement. Although well past seventy years of age, he undertook this arduous task and devoted two years of thorough, painstaking effort to its accomplishment. The completed report points the way to greatly increased efficiency, at the same time saving the taxpayers from three to four billion dollars annually. Some details of the plan have now been adopted, but the greater part of them will never see the light because of the organized pressure groups of office holders who fear to lose their sinecures. Unusual with government commissions but typical of the chief, the Reorganization Commission wound up its affairs with a surplus from the funds allotted to it.

Most men of foresight and vision in advance of their time have failed to live to see their ideas adopted; some are hounded to death, some die of frustration and some have been crucified. Happily, Mr. Hoover has been spared to see his principles vindicated and his name honored and respected. This public recognition has come spontaneously, and not as the result of a flood of books written by former associates. A lesser man would have succumbed long since to the calumny heaped upon him, but he has continued calm and philosophical, without malice or acrimony, serene in the knowledge of his rectitude and integrity, and still ready to devote his services to the welfare of mankind.

On the occasion of a tribute tendered to Mr. Hoover by his Alma Mater in honor of his seventy-fifth birthday anniversary, he delivered an eloquent address, couched in straightforward readily understood language and filled with sage observations and sound advice—a discourse that could be read and re-read with profit by every American. A reporter in Washington, seeking comments on the talk from men in public life, interviewed the assistant leader of the Democratic majority in the Senate, Mr. Myers of Pennsylvania, who unburdened himself of the following: "On the economic front, Mr. Hoover has learned nothing in sixteen years. He is raising the same cry that he and those of his political faith have raised for sixteen years. The whole structure of the government is so much sounder and more stable than it was in 1932 when he was President that I think no other answer is required."

The thoughtful and understanding people of all the world acclaim Herbert Hoover, the statesman, the builder, the humanitarian and the man, and to their kudos we add our unqualified admiration. For Senator Myers our charitable heart has but a feeling of pity and compassion akin to that expressed in the prayer at a place called Golgotha: "Father forgive them for they know not what they do." To the great Commonwealth of Pennsylvania, so ably represented in legislative halls in years gone by, we extend our commiseration for the humiliation suffered by its citizens when the call rings out in the Senate Chamber: "The Gentleman from Pennsylvania" and it is answered by Mr. Francis J. Myers.

There will be a regular meeting of the Knights of Columbus council Wednesday evening at 8:30 o'clock in the club rooms, 349½ East Washington street, with Grand Knight James T. Carey in charge.

Escaped Convicts Seen Along River

**Sight Three Of Prisoners Who
Fled Work Camp, Reported
Armed With Rifle**

KINGWOOD, W. Va., Aug. 23.—(INS)—Three of six convicts who walked away from the West Virginia Trustee Prison Camp No. 90 near Kingwood yesterday were sighted early today walking along the Cheat river about 10 miles from the prison camp.

State Trooper A. C. Hostutler, who reported he saw the men, said one of them was armed with a rifle.

Trusted Convicts

The six escapees were among 26 trusted convicts transferred to the new trustee camp recently from the state prison at Moundsville, W. Va. They disappeared yesterday some time after they had reported

for work on state road construction. The escape was not discovered until roll call shortly before dinner time.

The escapees were identified as: Fisher Bryant, 17, Logan county, serving 1-10 years for auto theft; Marion Charles, 33, Logan county, 1-10 years for breaking and entering; Van E. Ross, Logan county, 1-10 years for breaking and entering; Ethian Grock, 19, Logan county, 2-10 years for auto theft; Walter J. Lanier, 27, Kanawha county, 2-10 years for forgery, and Emanuel W. WHEALE REUNION AT CASCADE PARK

Eighth annual reunion of the descendants of David and Eliza Wheale took place at Cascade Park on Saturday, August 20 with a good attendance.

Bill Groucutt was in charge of the business meeting in the absence of the president. The following officers were retained: president, David Wheale, Jr.; vice-president, Albert Wheale, Jr.; secretary, Marie Wheale; treasurer, Bill Groucutt; publicity, June Bowen; table committee, Tille Groucutt, Delores Ramsey, sports, Edith Kerr, Esther Wheale, June Bowen; transportation, Albert Wheale, Sr.; David Wheale, Sr., Bill Groucutt, Jim Cover.

Prizes were awarded to the following: Karen Wagner, Patty Bowen, Darrell Martin, Gene Wheale, Maris Martin, Marjorie Groucutt, Delores Wagner. Mrs. John Lewis was awarded the prize for being the oldest present.

The reunion will be held the last Saturday of July in 1950 at Ramblers Rest.

Clark Reunion
Members of the Clark family gathered Saturday for their annual reunion. New Wilmington Park was the scene of the outing. Games and races were the main diversions of the day, with prizes awarded to many of those present. Officers were elected for the coming year. The new president is Robert Zedaker, and the secretary-treasurer is Mrs. Violet Petross.

Dinner was served to one hundred at prettily appointed tables. On the table committee were the Mesdames Fred Horchler, Richard Clark, August Loh, and Violet Petross. The same ladies shall serve on the table committee for the next reunion.

Time and date of next year's gathering will be announced later.

Chrysolite Club

Mrs. John DeSantis, of East Lutton street, will receive the Chrysolite club in her home this evening at eight o'clock, instead of the club meeting in the club rooms, as previously announced.

American Legion Hard On Philadelphia Kids

PHILADELPHIA, Aug. 23.—The kids in Philadelphia are being punished today because the American Legion is coming to town for its annual convention.

That means that city police have begun enforcing an ordinance outlawing the sale and use of water pistols. Violators will be subject to a fine of \$100 or 30 days in prison.

Also banned in the ordinance are electric canes, miniature cannons and similar devices.

MARIENVILLE GIRL HIT BY CAR, DIES

KANE, Pa., Aug. 23.—(INS)—Marie Baughmann, eight-year-old daughter of Mr. and Mrs. John Baughmann of Marienville, died in Community hospital in Kane Monday of injuries suffered when she was hit by a car near her home.

Marienville police said she darted onto a highway into the path of a car driven by Byron Gord of Johnstown.

Hunting seasons on furbearing animals in Pennsylvania are skunks Nov. 10, 1949 to Feb. 1, 1950; mink and otters, Nov. 10 to Dec. 10, 1949; muskrats by trapping only Jan. 1, 1950, to Feb. 1, 1950, and opossums all months except October. There are no bag limits.

Canadian production of nickel has risen to more than 130,000 tons by 1948.

MARY JANNETTI WEDS CLEVELANDER

Miss Mary Jannetti, daughter of Mr. and Mrs. Dominick Jannetti of 707 East Long avenue, was united in marriage to Charles Montanaro, son of Mr. and Mrs. Fred Montanaro of Cleveland, O., at a pretty ceremony Saturday morning, August 20, at 10 o'clock in the home of her parents.

Reading the double ring service, Rev. H. O. Fichter of Maitland Memorial Primitive Methodist church officiated at the exchange of vows.

The wedding took place by candlelight before the fireplace, decorated with camellias and ferns. Mrs. William Barber sang "Oh Promise Me," "Because" and "The Lord's Prayer" with Miss Grace Lamborn, organist, as accompanist.

Given in marriage by her father, the bride was attractive in a gown of slipper satin and marquisette, styled with a fitted bodice and yoke, trimmed with a lace ruffle. Lace edged the skirt which was tapered at the wrist. Her finger-tips were veiled in illusion felt from a crown of beads and rhinestones. She carried a white Bible, encrusted with a gold cross. The groom's gift was a gold cross.

Miss Emma Jannetti, the bride's sister, who served as maid of honor, was attired in a gown of white organdy over yellow taffeta. Wearing a white picture hat, she carried a white prayer book, marked with an orchid and baby mums.

Fred Montanaro acted as best man for his brother.

A wedding breakfast for 100 guests was served in the bride's home, followed by a dinner for the immediate families in a local restaurant. Approximately 250 guests attended a reception in the afternoon.

Upon returning from a trip to an undisclosed destination, the young couple will reside at 1439 West 50th street, Cleveland, O.

Mrs. Montanaro was formerly employed at the Shenango Pottery company, while her husband is a foreman for the Cleveland Produce company.

TWO LOCAL YOUTHS ENLIST IN MARINES

Emmett Bernard, Jr., son of Mr. and Mrs. Emidio Bernard, 7 North Wayne street, and Joseph W. Peterson, son of Mr. and Mrs. Raymond B. Peterson, R. D. 2, Grandview avenue, have enlisted in the United States Marine corps, according to word from the local Marine recruiting office.

Both Bernard and Peterson left last week for assignment at the Marine Corps Recruit depot, Parris Island, S. C.

A famous Greek painter in the fifth century B. C., is said to have painted a bunch of grapes that looked so natural that birds pecked at them.

Release Testimony

COUNTING a statement by President Truman that the Senate committee investigating "5 per centers" and Gen. Harry Vaughan was withholding much testimony, Senators Joseph R. McCarthy (R), Wisconsin, and Karl E. Mundt (R), South Dakota, release full text in Washington. Mundt holds copy of testimony. (International)

The governor recalled that Pennsylvania supplied one-tenth of the nation's service men during World War II, "as well as being the arsenal of the entire American war effort."

"Yet our job has not been finished," he said. "We of this great commonwealth must take the lead in winning the peace we have been striving so hard to win ever since the shooting war ended."

"We must continue to show the way toward a better understanding among all nationalities without regard to color, race or creed."

Will Sentence Blind Driver On Saturday

GETTYSBURG, Pa., Aug. 23.—(INS)—Sentence will be pronounced Saturday on a blind truck driver who did not contest an involuntary manslaughter charge stemming from the death of his four-year-old brother, July 18.

The driver, Nelson E. Schultz, 26, piloted the truck while another brother operated the pedals, according to State Trooper David James.

Adams County Judge W. C. Sheely fixed the sentencing date yesterday after Schultz entered his plea in the courthouse at Gettysburg.

The accident occurred during a rainstorm on a road near the Ortanna home of Schultz. The victim, Barry, was pinned beneath the heavy vehicle when it overturned. Several other members of the Schultz family escaped injury.

CROPPING GARDEN PLANTS ALL WRONG

The notion prevalent in some places that stripping leaves from tomato stalks and cutting off the ends of melon and other vines will give a greater set of fruit is all wrong.

A plant has three main parts—the roots, which gather water and food materials and send them up through the stems to the leaves to be manufactured into organic compounds which constitute the food for people and herbivorous animals. The leaves also take in carbon dioxide from the air to combine with the water to form starch and sugar. In other words, the leaves are the most important part of the plant "factory."

Any interference to this factory impairs its efficiency. That is why sprays are applied to plants to protect them from diseases and injurious insects. A good healthy, sturdy growth of green leaves is one of the best signs of a healthy garden.

CLIP CLOVER FIELDS FOR BETTER STANDS

Much of the clover failure on Lawrence county farms has been caused by a fungus called fusarium. The fungus attacks the crown of the plant, causing it to die. Soon, what looked like promising stands disappears.

Fields have been observed in which the fungus disease killed the clover in large patches while the rest of the field produced an excellent crop.

Clipping has helped control the disease. Clover fields should be clipped before September 1, and the clippings removed for best results. Clover seeded in wheat often is affected the most, and such stands should be clipped at once if this has not already been done.

WARDROBE THINGS FOR COLLEGE WOMEN

It is not the number of clothes or the amount of money to be spent that makes a smart wardrobe, but rather what is selected. Young women headed for college are urged to plan a few, well-coordinated outfits.

Only in rare instances will a girl need to acquire a complete college wardrobe all at one time. Each girl should itemize every garment in her present wardrobe. This list will point out what a girl has and also will help point out her wardrobe needs.

Generally, a young woman headed for college this fall will need

one good suit, not for general wear on the campus but for travel, football games, and special week-ends.

The two-way coat belted or boxy, and sporting big pockets will be popular for college wear this season, according to fashion experts. Camel's hair, covert and tweed are leading fabrics. Girls are advised to select a coat that goes with everything and is roomy enough to wear over suits and jackets. There are many choices to be made from suits, sweaters, blouses, separate skirts, jackets and tailored casual dresses. These are available in wool jersey, flannel, corduroy, tweed, velveteen, suede and other materials.

Add interest and variety to a wardrobe by mixing or matching separate skirts, sweaters, jackets and blouses and weskits. In order to do this, choose colors carefully.

Every college girl should have one dark dress for dates and special occasions. Wool or crepe dresses in bright colors and pastel colors are the usual thing for casual dates. Most girls will need one informal evening dress and perhaps a formal one, too.

Shop carefully for accessories, such as belts, scarves, gloves and costume jewelry. Remember to include at least one pair of shoes with medium or high heels to wear for dress-up occasions.

SOME PEACH VARIETIES GOOD FOR CANNING

In selecting the most delicious peaches for home canning, choose fruit that is firm and ripe. Fleshed mid-season and late varieties are preferred. Among the good canning peaches to be found at markets during the weeks ahead will be the Elberta and the J. H. Hale. The White Hale variety, a white-fleshed peach, also is good for canning and freezing.

CUT FLOWERS NEED CARE TO PROLONG THEIR LIFE

Unless cut flowers are given a little attention after they are brought into the house, their beauty is of short duration. One way to prolong the life is to use hydrogen sulfate in the water. Make a solution of one ounce of hydrogen sulfate to one quart of water. Use two teaspoons of this solution, one-fourth teaspoon of manganese sulfate and one tablespoon of sugar to one quart of water.

Another way to help make flowers last longer is to use one-fourth teaspoon of alum, one-fourth teaspoon of sodium hypochlorite, one-sixteenth teaspoon of ferric oxide and two teaspoons of sugar to one quart of water. All these chemicals may be obtained from the drugstore.

When chemicals are used in the water there is no need to cut the stems or change the water daily. However, when clear water is used, the containers must be thoroughly washed as well as the stems cut and the water changed every day. Cut flowers will keep fresh for a longer period of time if they are kept in a cool room.

SUGGESTED VARIATIONS FOR DRESS PATTERN

Women who are planning to increase their wardrobe for fall by making one or two new dresses, will find that using one smart pattern of simple lines will be a great time saver. A simple dress pattern may be varied in many ways. Use a pattern of up-to-date design which will be becoming to the wearer.

One of the simplest ways to vary a pattern in making several dresses is to use different fabrics. A dress made of a dark crepe will appear unlike one made of print or a lightweight woolen. Two fabrics combined often give the effect of a two-piece dress.

Pockets, belts, flounces and overskirts offer several possibilities for changing a pattern. Drapery or pleats will give variety to a design as well as dressing it up. Peplums, when they are fashionable, add variety for women who look well in them. Panels or pleats insets of contrasting color or fabric are a new fashion trend. Some women may want to change a dress pattern by using contrasting color in trim, such as bindings, facings, belts or collars.

A simple close-fitting dress is not the only pattern which offers possibilities of change. For some women, the shirtwaist type of dress is more becoming. Present fashions show great variety in the use of the shirtwaist dress. Another type of dress preferred by some women is the two-piece dress. This, too, offers a chance to make many changes.

WHEN CHILDREN BITE

It's rather disturbing to most adults to see one child biting another. Even though those involved may be quite young, we get excited and want to do something drastic. Spanking, biting back, keeping the biter apart from the rest of the children are among the methods commonly used.

In most cases, biting is no worse than other ways in which youngsters show their hostility. Hitting, kicking, shouting, and biting are all of a piece. We do not need to protect other children and ourselves from the upset and angry child. But we must do our best to keep him from feeling that he is a terrible kind of person. Telling him quietly that we know how he feels but that we aren't going to allow him to bite may help a great deal. In addition, one may attempt to get at the causes of his anger and aggression. If possible, something should be done about changing these causes.

Gradually youngsters will learn more suitable ways of handling the things that upset them. If they do continue with biting, it is especially important to get a clear picture of what causes continued frustration and anger and why he doesn't feel happy about himself. You can be sure it isn't merely a habit but does real disturbance. (Copyright, 1949, by United Feature Syndicate, Inc.)

Cards And Dodgers Open Series; Yankees Acquire Johnny Mize

By HOWARD SIGMUND
(International News Service Sports Writer)
NEW YORK, Aug. 23.—Mannings Casey Stengel undoubtedly will let his newly acquired cat out of the bag today when his belated New York Yankees tangle with the Detroit Tigers.

Johnny Mize, the big cat himself, was purchased by the Yankees from the New York Giants last night for an undisclosed sum after being waived out of the National League. The slugging first baseman fits very neatly into Yankee pennant plans for this year.

The injury-riddled league leaders, now sporting a highly unimpressive 2½ game advantage over the over-conquering Boston Red Sox, will be able to move Tommy Henrich back to his regular right field position.

The 36-year-old Mize may turn out to be the long ball hitter the Yanks have sought ever since the retirement of Lou Gehrig. Big John has belted 315 homers during

his major league career and should hit well in Yankee Stadium with its 296 ft. right field wall.

Although his average this season has dipped to a paltry .263, the big cat has driven in 62 runs and connected for 18 round trippers.

The Yankees main trouble at present stems from a lack of mound strength. Casey admitted he was looking around for a replacement for Bob Porterfield, the sore-armed righthander sent back to Newark for the second time this season.

Then there was Joe DiMaggio's reported shoulder injury. It seems Joe sprained his left shoulder while sliding into a base recently. Nothing serious, but the Bombers have to watch the Clipper's physical condition during the crucial 14-make or break road trip ahead.

Yanks Favored
The schedule appears to favor the Yanks. They have 39 games more to play. The Red Sox have 36 and the Indians, five games off the pace, have 37. Twenty-one of

the remaining Yankee games are with second division clubs while the Red Sox have 18 and the Indians 22.

But the New Yorkers play 21 of their remaining 25 games at home and that might make the difference.

Cards vs. Brooklyn
Over in Brooklyn, the faithful are shakily awaiting the arrival of those St. Louis "undertakers" of Eddie Dyer. The Cards are in town for a three game set with the Bums, and Musical and company can very well put the lid on the National League race.

In the only major league game played yesterday, the Dodgers dropped to two full games behind the Red Birds by bowing to the Boston Braves 7 to 6. After the Brooks forced into a 6 to 5 lead with a pair of runs in the eighth and ninth, ex-Dodger Eddie Stanky started the home half of the last chucker with a home run off his former room-mate and Buddy, Ralph Branca.

The schedule appears to favor the Yanks. They have 39 games more to play. The Red Sox have 36 and the Indians, five games off the pace, have 37. Twenty-one of

DeCarbo's Slam Moose In First Game Of Series

McFarland Pitches Bombers To 6-3 Upset Victory Over Favored Moose Club

DeCarbo's defeated the highly touted Moose 6 to 3 last night before close to 2500 fans at Gaston park in the first game of their five game series for the city softball championship.

The Bombers sewed up the game in the first inning when they got to Maggie for four runs on two hits, a walk and a three-base error.

DeLillo started things off with a walk, went to second on Ross's sacrifice and scored on Calazza's double. Richards single scored Calazza and Cipriano hit a long fly to center which was muffed by DeGennaro. Both Richards and Cipriano scored on the play.

McFarland went all the way for DeCarbo's, handing the Moose their fourth loss in 50 games this year, and their third by the DeCarbo's. McFarland held them to five hits, which included a home run by DeVitto and two hits by Maggie.

Next Game Wednesday
Maggie pitched good ball after the first inning but the Moose could never get those four runs back off of the tight pitching of McFarland. The defeat stopped Maggie's winning streak at 20 straight.

Sammy Calazza had two more two-base hits to raise his total of extra base hits to six for the seven playoff games. He has got on base 17 times in 23 times at bat in these seven games.

Second game of the series will be played at Cascade field Wednesday evening.

Frank Wagner Gains 17th Win Of Season

Herman Kiel, the New Castle "fence busting" first sacker set what is believed to be a new Mid-Atlantic league record for RBIs in a three-game series. Kiel hit two homers and a single last night to drive in eight more runs, to add to the nine he drove in Sunday, as Frank Wagner and the Nats whitewashed the league leading Erie Sailors 10-0 Monday night.

Kiel in two days batted in 17 runs. His 28th homer last night in the third inning, was over the left field wall with two mates aboard, the 29th in the fourth inning came with the bases full. In the eighth he drove in Bilo with a single.

17th For Veteran Wagner
Wagner not only racked up his 17th win of the year, three shy of his aim of 20 victories, but he also has set what is believed a Mid-Atlantic league record by striking out 200 batters so far this year.

Manager Pete Pavich of Erie was his 200th victim in the eighth inning last night. Kiel and Wagner are two of the brightest stars in the league.

The Nats looked more like league leaders than Erie did last night. They fielded faultlessly and showed authority at the plate, getting eight hits. Kiel three of them, and Gazzola two. The Tars had but six off of Wagner, and in only one inning did they have more than one.

Vandergrift Friday
New Castle is at Uniontown for three games and will return here Friday to open a three game stand with the Vandergrift Pioneers.

Manager Billy Mongiello has nominated Ty Corbett to pitch at Uniontown tonight.

Wagner Superb
Wagner pitched a superb game last night, for the first six innings he had Erie crazy with a two-hit game. The Tars got two singles in the seventh, a triple by Musselman in the eighth and a scratch single by Berns, his second hit, in the ninth.

YESTERDAY'S RESULTS

The Nats took a 3 to 0 lead in the third inning on Kiel's 28th circuit smash with Wagner and Bilo on base. Then in the fourth inning Kiel's 29th homer drove in Wagner, Bilo and Torrey ahead of him to put the Nats out in front 8 to 0, and the league toppers wilted.

Buchioni Released
Manager Billy Mongiello today announced the release of the veteran Felix Buchioni, and his own return to the active list, after a month's layoff.

The Nats are making a concentrated effort to finish in sixth place at least this year. There are 16 games left on the 1949 card.

New Wilmington Defeats Pulaski

In the first game of the North County League Shaughnessy play-offs New Wilmington scored a 3-to-2 win over Pulaski.

All the scoring was done in the sixth inning. New Wilmington took the lead when Riley singled and stole second, Dunlevy singled and Riley scored from second on the play. Elgin was hit by a pitched ball, Ringbloom then singled with Dunlevy scoring and Elgin moved to third. Hutchison then hit a long fly ball to center field with Elgin scoring after the catch.

Play Tonight
Pulaski scored two runs in their half of the sixth. Saghenich walked, Patterson was safe at first on Dunlevy's error, Saghenich went to third on a fielder's choice, Patterson moving to second, and both scored on Eppinger's long single between left and center field.

Hostilities are resumed between the two clubs tonight at New Wilmington.

Ecclesiastics Trip West Pittsburgh

Ecclesiastic club took a 2 to 1 win from West Pittsburgh last night in the opening game of a best of five series featuring the second and fourth place teams in the City League.

More than 1500 witnessed the game at West Pittsburgh that was a tight pitching duel all the way. Each team made only one hit and all runs were unearned. The same two clubs resume action at Washington field Wednesday night.

West Pittsburgh scored its lone tally in the first inning off D. Orlando without a hit. It was a 1-0 ball game for the next four innings. Ecclesiastic club rallied for two markers in the top of the sixth. Barbato's single was the only safe blow for the winner's in that rally.

Markey Singles
Markey ruined Orlando's, no-hitter by also getting a life with a single in the sixth. Bo Smiley, West Pittsburgh's ace, probably deserved a better fate. The effective, respected moundman struck-out 11 Ecclesiastic hitters and walked only three. Two errors on each side played an important role in the scoring. Orlando was also hard on the West Pittsburgh averages. Only 26 men faced the Ecclesiastic starter.

Dandy Attisano will probably go for West Pittsburgh Wednesday against Dick Orlando in the Wednesday night renewal.

Fans Await Appearance Here Of Baseball Girls

Baseball fans of the vicinity will be treated to one of the best baseball attractions offered them for many a season when the Chicago Colleens and the Springfield Salles of the All-American Girls Baseball League meet at Flaherty Field on Wednesday and Thursday, August 24 and 25.

Game time Wednesday and Thursday is 8:15 o'clock. Admission will be \$1.25 for box seats, there are 160 of these; general admission \$1.00, and children under 12 for 25 cents.

Offer Tryouts
Any New Castle girl wishing a tryout on the second night of the appearance here of the girl teams can contact either Bob Mills at 3881-R or Flaherty Field box-office or Len Gilbert at phone 1095-M.

Batting, throwing and running the bases as the "big leaguers" do these glamorous lassies ask for and give no ground in their quest to give the baseball fans from coast to coast the finest in baseball. Using a 10 3/4 inch baseball and throwing overhand from a pitching distance of 53 feet calls for real baseball skill. These girls don't play mullish or softball but genuine baseball.

Organized baseball in 1943 by Phil K. Wrigley and Branch Rickey, the league is now headed by that great player of yesterday, Max Carey the All-American girls have come a long way. Playing to almost a million people in 1948 and gate receipts up for this year show that the girls play excellent ball.

Qualified Leaders
Each team is led by a selected, qualified and experienced manager with years of major and minor league baseball experience and the know how, including some of the most famous players of all time. All teams are assigned a chaperone who is responsible for conditioning, first aid, uniforms and equipment, living and travel arrangements and the general welfare of the girls.

In their barnstorming tour the teams have been packing them in at all the ball parks where they have appeared. No doubt the largest crowd of any game played this year will attend this game to see these two top teams cross bats in the two games scheduled here. Its new, its different and its exciting. Don't miss this outstanding attraction.

Peace, the rascal, has caught up finally with pro basketball. From the king-sized coalition of the Association of America and the National league, there emerged today the National Basketball Association—18 teams, and a road map helps.

Universal Seeks Victory Tonight

Play At Indies; Trailing 1 To 0 In City League Play-offs; Rainey To Hurl

Universal A. A. invades the Chumura field tonight for the second game of a best of five series in the upper bracket of playoffs in the City league.

The Potters have a tough assignment too. At present they trail 1-0 in the series after the first game and everything else caved in Sunday and the Indies rallied in the late innings to take an 8 to 2 win. Beside they must play the red-hot Indies on the latter's home field. A win for the Indies tonight would put the pennant winning Universal crew really on the spot for the rest of the series.

Rainey To Pitch
Monk Rainey is scheduled to get the starting nod from Manager Curly Davies. The experienced curve ball artist hasn't been treated in a most respectful manner in every game against the Indies in regular season play, but he holds an edge in the series between the rivals and figures to add to that tonight and pull the Potters nine out of a hole.

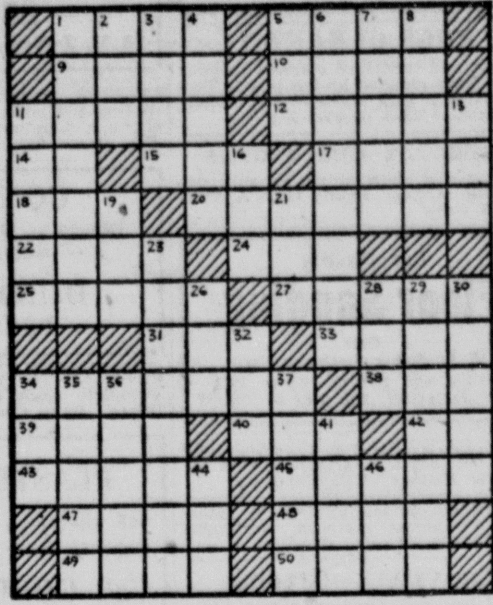

Mike Michalak will probably go for the Indies but there is a possibility that Doc Savage may be the surprise starter.

In any case the game should be another of those traditional thrillers between the clubs and Chumura field will be crowded to capacity by the time action gets underway at six o'clock.

MEN
READ CAREFULLY
I want to talk with a few men, who are Sales-minded and really ambitious in securing a position that will give them steady employment the year around. In other words, there are no laying off periods, and consistent income is the income that really counts. It doesn't matter what your past employment has been. All we ask is you are willing to be along on \$60 to \$85 per week for the first four to six weeks while learning our work. You must be able to give the names of three people who will vouch for your honesty and integrity.

We prefer men who are married or men who have some source of responsibility.
Therefore, if you are honest, and of good character, and willing to work, and need in appearance, SEE

Five Percenters Must Record All Contracts Made

By DARRELL GARWOOD
WASHINGTON, Aug. 23.—(INS)—Defense officials aimed a blow at "five percenters" Monday by announcing that a record of payments to them will be required in all negotiated contracts.

A rush to do business with the government, meanwhile, centered in the military establishment's new Procurement Information office.

Aircraft manufacturers and others selling to the Defense department on a negotiated basis must name agents who were hired to work on a contract with the understanding that they would get a fee if the agreement was completed.

The amount paid to such agents also must be recorded in each sale contract. Whether a similar requirement will be made in other military purchasing contracts, which are let out on bids, is still under discussion.

Exceed All Records
Defense officials said applications for contracts are exceeding all peace-time records.

Even "five percenters"—regarded as legitimate business agents unless they are "influence peddlers"—were said to be bombarding the new office with requests for information.

D'Alton B. Myers, head of the Pentagon's two-week-old military procurement information office, disclosed that his staff handled more than 2,000 queries in the first nine days.

Myers said that from 25 to 30 calls a day were from congressmen, seeking information for busi-

ness constituents. The bulk of the letters, calls and personal visits were from businessmen directly. The new office seeks to cut ground from under influence peddlers, by taking the "mystery" out of military buying and providing data formerly represented as "inside dope."

In the first nine days, 354 letters, 1,190 telephone calls and 540 personal visits were received. The stream of inquiries is continuing.

Celebration With Parade At Edenburg

Occasion In Honor Of The Blessed Mother; Have Band Concert And Fireworks

At Edenburg, there was a splendid celebration on Saturday, in honor of the Blessed Mother.

Requiem High Mass was said in the morning, at St. Lawrence church, by Rev. Fr. Joseph Fabri, at ten o'clock.

At 4 o'clock, in the afternoon, the Red-Coat band, under the leadership of B. J. Biondi, headed a parade, composed of the committee and members of the church, through the streets of the community.

From 7 to 11:30 in the evening, concessions and amusements were enjoyed. Beginning at eight o'clock, the Red-Coat band gave a fine outdoor concert.

William F. DeCarbo of New Castle made an address, and thanked all who had assisted in making the occasion such a splendid success.

About 11:30, a splendid display of fireworks was given, bringing the event to a close.

Committee in charge of arrangements was Peter Neglio, Joseph Exposito, Mrs. Joseph Perrino, Miss Mary Neglio, Miss Mary Perrino, Mrs. Eleanor Frank, and William F. DeCarbo.

There were visitors from West Pittsburg, Bessemer, Hillsville, and New Castle.

WHEAT CUSHIONS FALL
MOSCOW, Ida.—Two Coeur d'Alene, Ida., fishermen in a pontoon plane didn't let a little matter like a lack of water stop them when they ran out of gas. O. H. Anderson and Robert Deafabaugh suffered only scratches when they landed on a wheat field near here.

All present life forms were on earth when man arrived, as were hundreds of types which have disappeared since.
